

VERY IMPORTANT TESTING INFORMATION

8.6.20 UAB has just confirmed our testing protocol for **all** cadets next week during our Move In Days.

You should receive an email from Verily (a contractor for UAB) asking you to register for this test. This is required in order for you to be tested on campus. Please complete registration as soon as possible – before you arrive on campus.

This email will be sent to your MMI email address. Please ensure that you can access your MMI email. If you have any issues accessing your email, please send a note to helpdesk@marionmilitary.edu

NOTE: DO NOT BE CONCERNED ABOUT THE TESTING TIME, AS LONG AS YOU ARE REGISTERED YOU WILL BE ABLE TO TEST WHEN YOU GET TO CAMPUS.

If you have issues with the registration, please contact the assistance number on the website. This is not an MMI website/service and therefore we cannot help with registration questions.

If you don't receive an email asking you to register, it is probably because you either haven't signed into your Banner account or your email is incorrect – please contact the MMI helpdesk. If this isn't corrected by the time you arrive on campus, we will fix the problem here and then test you on a subsequent day.

The testing location will be the last station you come to upon arrival. If you have an issue with your registration, that cannot be fixed on-site, your name will be noted and you will continue on with in-processing. Your TAC officer will follow-up with you later that day with instructions on how to complete the process, and we will test you later in the week.

RETURNING CADETS. It is imperative that you come on Thursday 13 August to ensure that you can complete in-processing and resolve any issues by Friday 14 August. You will be considered late if you arrive on the weekend.

Cadets who miss testing during Move-In Week; Cadets who will be arriving late to campus with validated reasons (military training, medical requirements etc) will be tested upon arrival. Any other cadets who arrive late will also be tested, but the cost of the test (\$100) will be applied to your account.

If it is possible that you may not make Move-In Week please contact your TAC or Enrollment Management officer immediately.
