NOTICE

The contents of this catalog are informational only. This catalog is not the basis of a contract between the student and the College. Marion Military Institute will always make every effort to provide accurate information relative to academic policies, instruction and course offerings as indicated; however, the College has the right to change any provision without notifying students individually.

STATEMENT OF NONDISCRIMINATION

It is the official policy of the Alabama Community College System and Marion Military Institute, a postsecondary institution under its control, that no person shall be discriminated against based on the grounds of race, color, national origin, religion, marital status, disability, gender, age or any other protected class as defined by federal and state law. No person shall be excluded from participation in, or denied the benefits of, any educational program and activity on the basis of race, color, national origin, religion, marital status, disability, gender, age or any other protected class as defined by federal and state law.

Welcome from the President

Welcome to Marion Military Institute (MMI)!

By choosing MMI to begin your higher education journey, you have given yourself the opportunity to achieve something special. Our high-quality college education embedded within an immersive military environment and focused on leader development is unique, and something only found in schools like the U.S. Service Academies. It is a true whole-person education that will advance your intellectual, leadership, character, social, and physical development.

When you graduate from MMI, you will leave better educated, and a better person, with more advanced leadership skills and a more mature and responsible character than your peers who did not have this experience. This will help you to be more successful and more competitive when you transfer to your four-year school and beyond. In short, MMI's extraordinary education will put you on a path to an extraordinary life.

I look forward to you joining the ranks of our historic Corps of Cadets and becoming part of the rich tradition and legacy that defines MMI.

A handwritten signature in black ink, reading "David J. McHale" with a horizontal line extending to the right.

MISSION

Marion Military Institute, a two-year public institution of higher learning, educates and develops cadets as future leaders through an immersive experiential military environment which integrates intellectual, character and physical development in order to prepare them for success in four-year colleges, U.S. service academies, and in military and civilian careers.

VISION

Marion Military Institute will be nationally recognized as the premier leader development college of Alabama with whole cadet enrichment through an immersive and intentional experiential learning environment, a relevant, rigorous and robust academic program and character and leadership education development system.

CAMPUS

The Marion Military Institute (MMI) campus encompasses 148 acres including a Leaders Reaction Course (LRC), lighted athletic field, baseball and softball fields, nine-hole golf course, First Responder building, student center, six tennis courts, and the Stewart Parker Swamp Fox Trail. Additionally, the campus features academic buildings including biology, chemistry, and physics labs; dormitories; dining facility; Middlebrooks Fine Arts building, Baer Memorial Library featuring the college's Academic Success Center; and a Career Center. A multi-purpose athletic center houses a large stage, twenty-five meter indoor swimming pool, a fitness center including a cardio room, health center, and a collegiate basketball court. The centerpiece of the campus is its historic chapel built in 1857 featuring six historic, stained glass windows.

The campus is fully equipped for instructional and student life enrichment purposes. Computer labs are in place for student and instructor use, along with computers in science labs, library, Academic Success Center, and Career Center. The Academic Success Center houses advanced technology with which tutors can more readily assist students in all disciplines relative to MMI course offerings. The student center features a grill and coffee shop along with furnishings conducive to student interaction.

Additionally, for safety purposes, security cameras are placed campus-wide in appropriate places where the security and safety of either property or persons would be enhanced. Cameras are limited to uses that do not violate the reasonable expectation of privacy as defined by law.

HISTORY

Marion Military Institute (MMI) is the nation's oldest military junior college tracing its origin back to 1842 with the founding of Howard College in Marion, Alabama. During the Civil War, the Chapel and Lovelace Hall, both built in 1857, were used as Breckinridge Military Hospital, treating both Union and Confederate soldiers. Howard College remained in Marion until the Alabama State Baptist Convention made the decision to move the college to Birmingham, Alabama in 1887. It later became Samford University. At the time of the move, Colonel James T. Murfee was the Howard College president, a position he had held since coming to Marion in 1871 from the University of Alabama. Murfee, along with several of the faculty and trustees, chose to remain on the existing campus in Marion and formally establish MMI. He and the new MMI Board of Trustees

developed and implemented institutional policies demanding high standards for the development of character, academic excellence, and military traditions, which have been the hallmarks of MMI ever since.

Hopson O. Murfee, MMI's second president, was one of the foremost advocates of a student run government that focused on honor and ethics within the student body. Because of this, MMI was one of the first schools in the south to establish a student government association as well as an honor system, both of which are still very much a part of the Corps today. Under H.O. Murfee's leadership the school achieved national recognition. William Howard Taft served as President of the Board of Trustees, and Woodrow Wilson, President of Princeton University at the time, was the featured speaker at the convocation held in the MMI Chapel in 1905. In tribute to Woodrow Wilson and Princeton University, MMI's school colors were changed to orange and black, and the tiger was adopted as the mascot.

The Service Academy Program had its beginnings at MMI with the establishment of the Army-Navy department in 1910. The Army ROTC program was introduced in 1916 in response to WWI, and the Army ROTC Early Commissioning Program was established in 1968 at the height of the Vietnam War.

Until World War II, the campus consisted of primarily two buildings; the Chapel and Old South (Lovelace) Barracks, both from the old Howard College era. The MMI campus currently encompasses over 160 acres and includes 38 buildings.

MMI continued as a private institution that included both a high school and a junior college governed by an MMI Board of Trustees until 2006 when the Alabama legislature voted to merge the institute into the Alabama Community College System. The high school was disestablished, and MMI became a military junior college only. Today MMI is a member college of the ACCS and is governed by the ACCS Board of Trustees. The legislation retained the original MMI Board of Trustees as the new MMI Foundation Board of Trustees and Advisors with the role of governing the MMI Foundation that supports MMI fundraising and houses the endowment. Additionally, this Board now provides advice and counsel to the MMI President and the ACCS. MMI is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award the associates degree. Additionally, MMI is a member of the Association of Military Colleges and Schools of the United States and the National Junior College Athletic Association.

ACCREDITATION

Marion Military Institute is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the associate degree. Marion Military Institute also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Marion Military Institute may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

Note: This accreditation statement is published solely for accreditation-related purposes. Specific questions regarding Marion Military Institute's educational programs, admissions, financial aid, and other specific MMI related questions should be forwarded directly to the institution.

NOTICE OF AVAILABILITY OF INSTITUTIONAL AND FINANCIAL INFORMATION

Institutions of higher education are required by legislation to provide consumer information to prospective as well as enrolled students. Marion Military Institute has developed a page on the MMI website to provide the required information in an easily accessible format. Following links on the page will either provide the information in a pdf file or connect to areas on the MMI website where the information can be located.

The types of information available include, but are not limited to: completion/graduation and transfer rates; financial assistance available to students; campus crime statistics; athletic program participation rates and financial support; information about students' rights under FERPA; cost of attendance, and other institutional information.

Some information may be distributed by other methods. If the information is not posted, there is a name and email address for the person on campus who can assist in locating the desired information. This information is also e-mailed annually to all students.

MMI Programs

- EARLY COMMISSIONING PROGRAM (ECP)
- GENERAL BRUCE K. HOLLOWAY SERVICE ACADEMY PROGRAM (SAP)
- AIR FORCE ROTC (AFROTC)
- MARINE CORPS PLATOON LEADERS COURSE (PLC)
- LEADERSHIP EDUCATION PROGRAM (LEP)

EARLY COMMISSIONING PROGRAM (ECP)

The Early Commissioning Program provides the opportunity for cadets to receive a commission as an Army officer two years earlier than their peers at four-year colleges or universities. To be eligible for this unique, accelerated program, a cadet must qualify for the program and commit to a basic term of service in the U.S. Army in either an active duty or reserve forces duty status. Cadets qualify for the ECP in one of the following ways: completion of the Army ROTC Basic Camp in the summer prior to admission; prior military service with at least completion of the basic training component or the equivalent; or at least 3 years of JROTC and approval of the Professor of Military Science. An advanced ROTC cadet must successfully pass a standard army physical (medical examination) and have no previous record of arrests or convictions.

1. For admission to the Early Commissioning Program, the applicant must have a minimum of a 17 composite on the ACT (equivalent on the SAT) and a minimum high school grade point average of 2.00.
2. For consideration for an ECP scholarship, the applicant must have a minimum of a 19 composite on the ACT (equivalent on the SAT) and a minimum high school grade point average of 2.5.

Upon successful completion of the Advanced ROTC courses and the Early Commissioning Program, the cadet will be commissioned as a second lieutenant in the Army. Upon achieving a baccalaureate degree, a second lieutenant may be eligible to compete for continuous active duty or enter active duty for training and remain with the National Guard or Army Reserve.

THE GENERAL BRUCE K. HOLLOWAY SERVICE ACADEMY PROGRAM (SAP)

Each year, young men and women attend Marion Military Institute to prepare for admission to the service academies. The General Bruce K. Holloway Service Academy Program, established in 1910 and the oldest such program in the United States, offers solid academic preparation, military training, leadership, and physical development.

All cadets pursuing an appointment are enrolled in collegiate coursework in consultation with the Service Academies. Special attention is also given to physical conditioning.

Cadets must, as a minimum, meet all ROTC standards, in addition to the academic standards noted in the next paragraph. It is very desirable that candidates show participation in high school sports, other high school activities, and indicate their willingness and ability to participate in the overall MMI program. The only exceptions to these criteria may be those candidates sponsored by a specific service academy.

The College has established additional admission requirements for those pursuing an appointment. The applicant must have a score on the SAT of 1160 or more (ACT composite of 24 or more) with both a math and verbal score of 540 or more (ACT math and English of 24 or more), and at least a 3.0 high school grade point average. The only exceptions to these criteria may be those made by the sponsoring Academy or those candidates deemed eligible for the program by the Director of the Service Academy Program.

AIR FORCE ROTC (AFROTC)

MMI cadets may pursue a commission as an Air Force officer through the Air Force ROTC program which is offered in coordination with the Air Force ROTC program at the University of Alabama. Cadets complete two years at MMI before transferring to a senior college or university to complete the commissioning program for the United States Air Force. In order to participate in this program, cadets must have an ACT composite score of 22 or higher or SAT equivalent.

MARINE CORPS PLATOON LEADERS COURSE (PLC)

The Platoon Leaders Course (PLC) is a program coordinated with the University of Alabama's USMC Officer Selection Officer designed to provide college freshmen, sophomores, and juniors with the opportunity to earn a Marine officer's commission. Upon completion of summer training, applicants may begin receiving a monthly stipend. At the completion of a bachelor's degree at a four-year university, applicants are commissioned as Second Lieutenants in the United States Marine Corps.

NAVY ROTC PREP

MMI's NROTC Prep Program provides a Navy commissioning (NROTC) opportunity for highly motivated and exceptional candidates.

First-year MMI cadets will have the opportunity to compete for a follow-on 4-year NROTC scholarship to many of the 19 participating universities. For the pilot program, five Universities agreed to consolidate their alternate NROTC Preparatory Program 4-year scholarships and make them available to eligible MMI NROTC Self-Prep Cadets. The five universities are Old Dominion University, Illinois Institute of Technology, Norwich University, Tuskegee University and the University of San Diego. At the end of the year, the universities and Navy have committed to ensuring at least five NROTC scholarship offers are made to eligible MMI NROTC Self-Prep cadets.

The MMI NROTC Prep Program provides participating cadets a rigorous one year academic and military program making them competitive for the scholarship while providing them a solid academic foundation for success at their follow-on sponsoring university.

NOTE: The NROTC Prep Program is a 5-Year college track. The first year at MMI, and another four years on a National Scholarship as full Midshipman to one of the participating universities.

LEADERSHIP EDUCATION PROGRAM (LEP)

The Leadership Education Program at MMI is designed specifically for those students who wish to enroll at MMI without incurring a military service obligation. Cadets enrolled in the Leadership Education Program realize the value provided through obtaining an associate's degree in a military environment. These cadets experience a disciplined lifestyle while earning an associate's degree and gaining practical experience in leadership and organizational management. LEP cadets enroll in four semesters of basic military science.

For admission to the Leadership Education Program, the applicant must have a minimum of 16 composite on the ACT (equivalent on the SAT) and at least a 2.0 high school cumulative grade point average.

MMI

Academic Policies

- CLASSIFICATION OF STUDENTS
- REGISTRATION FOR COURSES AND CHANGES IN THE CADET SCHEDULE
- REPEATING A COURSE
- CLASS ATTENDANCE
- GRADING SYSTEM
- PRESIDENT'S AND DEAN'S LISTS
- FINAL GRADE APPEAL PROCEDURE
- ACADEMIC STANDARDS OF PROGRESS
- GRADUATION AND DEGREE REQUIREMENTS
- GRADUATION HONORS
- VERIFICATION OF LEARNING DISABILITIES
- ACADEMIC INTEGRITY POLICY
- STUDENT EDUCATIONAL RECORDS

CLASSIFICATION OF STUDENTS

A cadet enrolled for 12 or more semester hours of credit is classified as full-time. In order to make satisfactory progress toward the associate's degree, however, it is recommended that cadets carry at least 15 to 16 hours of credit each semester. The associate's degree requires 64 college-level credits, excluding any developmental courses. Any cadet who wishes to take more than 19 hours of credit per semester must receive approval from both his/her academic advisor and the Chief Instructional Officer prior to registering.

DEFINITION OF A CREDIT HOUR

Marion Military Institute (MMI) defines a credit hour per the U.S. Department of Education's federal regulation 34 CFR 600.2:

“a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than – (1) one hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or (2) At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.”

This definition is also referenced in the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Policy Statement on Credit Hours. As part of the Alabama Community College System (ACCS), MMI adheres to all ACCS Board of Trustees policies and its associated procedures. ACCS Board Policy 201.01 states that all colleges must operate under the semester system. In the semester system, one semester credit hour is based upon the average number of hours of weekly instruction during a 15-week period, with an hour of instruction defined as not less than 50 minutes of instructor/student contact. The ratio of weekly contact hours to credit hours varies with the type of instruction being used. ACCS Board Policy 705.01 and its procedures define the six categories of instruction: theory, experimental laboratory, manipulative laboratory, skills/laboratory/practice, receptorship, and internship.

REGISTRATION FOR COURSES AND CHANGES IN THE CADET SCHEDULE

Currently enrolled cadets have the opportunity to register first. They may expect to register prior to the end of the preceding semester. Cadets may make changes in their class schedule by adding and/or dropping classes through the first five days of each semester called the “drop/add” period. The dropped classes are not recorded on the

cadet's transcript.

After the first week of class and through the date specified in the academic calendar, a cadet may withdraw from individual courses. While enrolled, however, a cadet must at all times maintain a full class load which is defined as twelve credit hours. Audited courses and courses from which a student withdraws are subject to the same fees as regular courses. Cadets may withdraw from the entire semester through the last day of class, as published in the academic calendar. At the point of withdrawal, the cadet will receive a grade of W for the individual course or all courses, as appropriate.

REPEATING A COURSE

Course forgiveness is implemented when a student repeats a course and the last grade awarded (excluding grades of W) replaces the previous grade in the computation of the cumulative grade point average. The grade point average during the term in which the course was first attempted will not be affected. The official transcript will list the course and grade each time it is attempted.

When a student completes a course more than once, all grades for the course (excluding the first grade) will be used in computing the cumulative grade point average. Official transcripts will list each course in which a student was enrolled.

A student may repeat a course more than once, but that course may be counted only once toward fulfillment of credit hours for graduation.

Note: Students should check Financial Aid regulations regarding repetition of courses.

CLASS ATTENDANCE

Cadets are expected to attend every class meeting. Attendance is considered a contract with obligated appointments and specific expectations of attendance. In the event that a cadet must miss class due to a school-sponsored activity, the cadet is advised to meet with the instructor prior to the absence to arrange completion of missed work. If a cadet reaches the point of having 4 or more unexcused absences in a course that meets 3 days per week, 3 or more unexcused absences in a course that meets 2 days per week, 2 or more unexcused absences in a course that meets one day per week, the cadet is subject to being administratively withdrawn from the course and receiving the grade of “F” for the course.

Cadets who have been dismissed from a class due to accumulated unexcused absences may appeal the dismissal to an Academic Board, composed of faculty members and a representative of the Office of the Commandant of Cadets. The appeal must be presented in writing to the Chief Instructional Officer (CIO) and submitted within one calendar week following the fourth unexcused absence. The decision of the Academic Board is final.

Nonattendance does not constitute a withdrawal from class or from the college. Marion Military Institute has procedures in place that must be followed in the event that a student must leave the college during the semester. Ceasing to attend and not following these procedures will result in a grade of “F” for each of the cadet's courses.

GRADING SYSTEM

A grade is awarded in each credit course. The grade is based on the

student's demonstrated proficiency as determined by the faculty member teaching the course. The following grading system is used at Marion Military Institute.

Grade	Description	Quality Points
A	Excellent	4
B	Good	3
C	Average	2
D	Poor	1
F	Failure	0

Other markings which may appear on the grade report or transcript are as follows:

I – Incomplete. A mark used only for students who cannot complete coursework because of extreme hardship. The incomplete must be made up no later than the last day of classes of the next semester or the incomplete turns into the grade of F.

The incomplete grade indicates that a student was passing a course at the end of the semester but was unable to complete the course due to extenuating circumstances. The assignment of the "I" grade may be awarded after consultation between the student and the instructor. If it is determined that an incomplete should be assigned, the instructor will complete the "I" Grade Assignment Form and both the instructor and the student will sign the form. The form will then be forwarded to the appropriate Department Chair for approval. Information on the form will include a description of the work to be completed and the date for completion. The date for completion may not exceed the published last day class for the following semester, excluding summer. Failure to complete the "I" grade agreement within the specified time period will result in the assignment of a grade of "F" for the course. A course with a grade of "I" will not count as enrolled hours in a subsequent term.

AU – Audit. Course taken for no credit. Credit hours will not be averaged into the grade point average. An audit must be declared by the end of the drop/add period and may not be changed thereafter.

W – Official withdrawal from a course within the designated time period or withdrawal from the institution within a time period designated by the institution. Credit hours will not be averaged into the grade point average.

PRESIDENT'S AND DEAN'S LISTS

At the end of each semester, cadets who are enrolled in at least twelve credit hours of college-level coursework and who earn a 4.0 grade point average are named to the President's List. Cadets enrolled in at least twelve credit hours of college-level coursework who earn between a 3.5 and 3.99 grade point average are named to the Dean's List.

FINAL GRADE APPEAL PROCEDURE

When a cadet believes there are circumstances that warrant the appeal of the final grade received in a course, the student may appeal the grade. The appeal process must begin within 15 calendar days of the first day of class of the subsequent semester.

Grounds for Appeal

1. Errors of omission. The cadet contends that a certain test, homework, or class project was submitted at the designated time but not graded.
2. Errors in averaging. The cadet contends that an error occurred in the mathematical calculations of graded material.
3. Errors in course practices. The cadet contends that there was significant disparity between the course syllabus and the manner in which the course was conducted.

Procedures for Appeal

1. The cadet must consult with the instructor of the class to ensure that no calculation or administrative error has occurred.
2. If no satisfactory agreement is reached with the instructor, the cadet may submit a written appeal to the appropriate Department Chairperson. The Chairperson will investigate the appeal, render a decision, and submit a written report of the findings to the student, instructor, and the Chief Instructional Officer.
3. If the appeal is denied by the Department Chairperson, the cadet may forward the written appeal to the Chief Instructional Officer. The Chief Instructional Officer will review the appeal, render a decision, and submit a written report of the findings to the cadet.
4. If the cadet is not in agreement with the decision of the Chief Instructional Officer, he or she may request a hearing before an Appeals Committee. The committee members will review the appeal to ensure that it meets one of the three allowable grounds for appeal and explains clearly how it meets the grounds for appeal. If the committee determines that the appeal has merit for further investigation, a hearing will be scheduled.
5. The Appeals Committee will forward a recommendation to the Chief Instructional Officer, who will review the subcommittee's recommendation.
6. The Chief Instructional Officer will issue a written opinion relative to the subcommittee's report and forward the opinion to the President.
7. The President's decision will be final.

ACADEMIC STANDARDS OF PROGRESS

A cadet who fails, during any term, to attain a cumulative grade point average at or above the level indicated below for the hours attempted (inclusive of any developmental courses) will be placed on academic probation for the subsequent term.

Hours Attempted	Minimum GPA
12-21	1.50
22-32	1.75
33 or more	2.00

When a cadet does not meet the required retention standard, institution officials may provide intervention for the cadet by taking steps including but not limited to, imposing maximum course loads, requiring regular meetings with the academic advisor, referral to the Academic Success Center, and/or prescribing other specific courses.

Application of Standards of Progress

1. When the Cumulative GPA is at or above the GPA required for the total number of credit hours attempted at the institution, the student's status is CLEAR.
2. When a cadet's Cumulative GPA is below the GPA required for the number of credit hours attempted at the institution, the cadet is placed on Academic Probation.
3. When the Cumulative GPA of a cadet who is on Academic Probation remains below the GPA required for the total number of credit hours attempted at the institution but the semester GPA is 2.0 or above, the cadet remains on Academic Probation.
4. When the Cumulative GPA of a cadet who is on Academic Probation remains below the GPA required for the total number of credit hours attempted at the institution and the semester GPA is below 2.0, the cadet is suspended for one semester. The transcript will read SUSPENDED – ONE SEMESTER.
5. The cadet who is suspended for one semester may appeal. If, after appeal, the cadet is readmitted without serving the one semester suspension, the transcript will read SUSPENDED – ONE SEMESTER / READMITTED UPON APPEAL. The cadet who is readmitted upon appeal re-enters the institution on Academic Probation.
6. A cadet who is on Academic Probation after being suspended for one semester (whether the cadet has served the suspension or has been readmitted upon appeal) without having since achieved Clear academic status and whose Cumulative GPA falls below the level required for the total number attempted at the institution but whose semester GPA is 2.0 or above will remain on Academic Probation until the cadet achieves the required GPA for the total number of hours attempted.
7. A cadet returning from a one-term or one-year suspension and, while on academic probation, fails to obtain the required GPA for the number of hours attempted and fails to maintain a term GPA of 2.0, will be placed on a one-year suspension.
8. The cadet may appeal a one-term or one-year suspension.
9. The permanent cadet record will reflect the cadet's status (except when the status is clear). When appropriate, the record will reflect ACADEMIC PROBATION, ACADEMIC SUSPENSION – ONE TERM, ACADEMIC SUSPENSION – ONE YEAR, ACADEMIC PROBATION – ONE YEAR, ONE TERM SUSPENSION – READMITTED ON APPEAL, or ONE YEAR SUSPENSION – READMITTED ON APPEAL.

Academic Probation

Cadets placed on academic probation must meet the following criteria at the end of their next term of enrollment.

1. Attain a cumulative grade point average meeting the minimum retention standards, or
2. Attain a 2.0 grade point average for that term.

For a cadet who is on academic probation, failure to meet one of the above-referenced criteria will result in academic suspension of the cadet for one term. The summer term does not count as a semester of suspension. A cadet whose cumulative grade point average remains below the minimum retention standard but whose term grade point average continues to be 2.0 or higher will be permitted to continue enrollment but will remain on academic probation. When a cadet is placed on academic probation or readmitted after suspension, college officials may provide academic intervention for the cadet by imposing maximum course loads, requiring regular

meetings with the academic advisor, requiring assembled mandatory study hall, making a referral to the Academic Success Center, or imposing other appropriate measures to assist the cadet in returning to proper academic standing.

Process for Appeal of Suspension

A cadet who has been academically dismissed from Marion Military Institute may appeal the dismissal through the MMI Appeals Committee. If the cadet contends there were extenuating circumstances (e.g., documented medical or psychological problems, military duty, etc.) that contributed to the academic dismissal, an appeal for reinstatement may be considered by the committee.

The appeal must be filed with the Chief Instructional Officer. If the Appeals Committee grants the reinstatement, the conditions imposed by the committee will be clearly stated. The conditions may include a reduced course load and regular meetings with an academic advisor.

GRADUATION AND DEGREE REQUIREMENTS

Marion Military Institute awards the Associate in Arts (AA) and the Associate in Science (AS) degrees. To be eligible to receive a degree from Marion Military Institute, cadets must adhere to the following requirements.

1. Complete a minimum of 64 college-level semester credits required for the associate degree, excluding any developmental credits.
2. Earn at least a 2.0 cumulative grade point average.
3. Complete and file an Application for Graduation prior to the end of the fall semester just before the anticipated final semester.
4. Resolve all MMI obligations, financial or otherwise, and return all library and college materials.
5. Complete at least 25 percent of semester credit hours required for the degree at Marion Military Institute.

Other Guidelines Pertaining to Graduation are as Follows:

6. Cadets will be permitted to graduate by meeting the requirements of the catalog under which they entered, providing graduation is within four years of initial enrollment. After the four-year period, cadets may be required to meet the requirements stated in the current catalog.
7. Cadets must complete an assessment battery as required to measure general education achievement in various areas for the purpose of evaluation of academic programs. No minimum score or level of achievement on the battery is required for purposes of obtaining a degree.

GRADUATION HONORS

College cadets receiving associate degrees with final cumulative grade point averages of 3.9 to 4.0 will be awarded Summa Cum Laude while those with final cumulative grade point averages of 3.70 to 3.89 will be awarded Magna Cum Laude. Graduates with final cumulative grade point averages of 3.5 to 3.69 will be awarded Cum Laude.

VERIFICATION OF LEARNING DISABILITIES

Qualifications of the Evaluator

The name, title, and license/certification credentials of the evaluator, including information about license or certification (i.e., licensed psychologist) as well as the area of specialization, employment, and state in which the individual practices must be clearly stated in the report. The following professionals are generally considered qualified to diagnose learning disabilities: clinical psychologists, school psychologists, neuropsychologists, learning disability specialist, diagnostician, and psychiatrists who have expertise in evaluating the impact of learning disabilities on an individual's educational performance. All reports should be on official letterhead, dated, and signed.

Current/Comprehensive Documentation

An evaluation should be no more than three years old. Documentation should substantiate the need for services based on the student's current level of functioning. A school plan such as an IEP or a 504 Accommodation Plan is insufficient documentation, but may be included as part of a more comprehensive report.

Identification of Learning Disabilities

Evaluation should include a clinical interview, assessment of aptitude AND academic achievement, and a diagnosis of LD.

Clinical Interview- Relevant information regarding the student's academic history and learning abilities should be included. Also, medical, developmental, and social histories should be investigated and reported, along with any family history of educational, medical, or psychological difficulties. Medical, social, and psychological problems should be ruled out as causes of learning disabilities.

Assessment of Aptitude- A complete intellectual assessment, with standard scores reported, is required. The following tests are recommended for assessment of aptitude; other appropriate measures may be used at the examiner's discretion.

- Wechsler Adult Intelligence Scale (3rd Edition)
- Stanford-Binet Intelligence Scale (4th Edition)
- Woodcock-Johnson Cognitive Processing Battery to substantiate any processing problems

The Slosson Intelligence Test-Revised and the Kaufman Brief Intelligence Test are screening devices, and thus are not appropriate for the diagnosis of learning disabilities.

Assessment of Academic Achievement- Norm-referenced academic achievement tests, with subtests and standard scores reported, are essential. The assessment should include evaluation of reading, math, and written language. Also, it may be useful to include other evaluations, such as informal inventories or classroom observations.

The following standardized tests are recommended for assessment of academic achievement; other appropriate measures may be used at the examiner's discretion.

- Woodstock-Johnson Psychoeducational Battery-Revised
- Tests of Achievement (to substantiate any processing problem)

- Wechsler Individual Achievement Test (if student falls within age norms)
- Kaufman Test of Educational Achievement (if student falls within age norms)
- Key Math Diagnostic Arithmetic Test-Revised if student falls within age norms)
- Test of Written Language-3 (if student falls within age norms)
- Grey Oral Reading test 3 (if student falls within age norms)

The Wide Range Achievement Test (WRAT3) is a screening device, thus is not appropriate for the diagnosis of learning disabilities.

Diagnosis of Learning Disabilities- The evaluator should use direct language in the diagnosis of a learning disability based on DSM-5-TR criteria: a SPECIFIC statement that a learning disability exists is required for services and accommodations. Also, the evaluator must describe the substantial limitation(s) to academic learning that are presented by the learning disability. If the data indicates that a learning disability is not present the evaluator should state that finding in the report. The report must outline alternative explanations and diagnosis.

Verification of Attention Deficit/Hyperactivity Disorders (ADHD)

Qualifications of the Evaluator

The name, title, and license/certification credentials of the evaluator should be stated in the report. The following professionals are considered qualified to evaluate ADD/ADHD: physician, psychiatrists, clinical psychiatrists, neurologist, or neuropsychologist who have expertise in evaluating the impact of ADD/ADHD on an individual's educational performance. A diagnosis of ADD/ADHD by someone whose training is not in these fields is not acceptable. All reports should be on official letterhead, dated, and signed.

Current Documentation

Evaluation should be no more than 3 years old and must provide a clear statement of the presenting problem. Changes may have occurred in the student's performance since a previous diagnosis, or new medication may have been prescribed or discontinued since the initial diagnosis was made. Documentation should substantiate the need for services based on the student's current functioning and must define the level of functioning and any limitations supported by evaluation data.

Identification of ADHD

A comprehensive evaluation should include a clinical interview, assessment of attention difficulties, and diagnosis of ADD or ADHD using DSM-5-TR criteria. A school plan such as an IEP or a 504 Accommodation Plan is insufficient documentation, but may be included as part of a more comprehensive report.

Clinical Interview- Because ADHD is, by definition, first exhibited in childhood and manifests itself in more than one setting, relevant historical information is essential. The student's academic history should be included. Medical, developmental, and social histories should be investigated and reported, along with any family history of educational, medical, or psychological difficulties. A description of the individual's presenting attention symptoms should be provided as

well as any history of such symptoms. A family history of ADHD and the student's medical history also are important. High school IEP, 504 Plans, and/or a letter from a physician or other professional will not be sufficient to document ADD or ADHD. Medication cannot be used to imply diagnosis.

Assessment of Attention Difficulties

The evaluator should include any assessment data that supports or refutes a diagnosis of ADHD. Assessments such as checklists and rating scales are very important, but checklists, surveys, or subtest scores should not be used as the SOLE criterion for a diagnosis of ADHD.

The evaluator should investigate the possibility of dual diagnosis and/or co-existing medical and/or psychological disorders that result in behaviors that mimic ADHD. Medical, social, and psychiatric problems should be ruled out as causes of ADHD.

Diagnosis of ADD/ADHD Using DSM-5-TR Criteria-Individuals who exhibit general problems with organization, test anxiety, memory, and concentration do not fit the diagnostic criteria for ADHD. Likewise, a positive response to medication by itself does not confirm a diagnosis of ADHD. The diagnostician should use direct language in diagnosis of ADHD, avoiding the use of terms such as "suggests", "is indicative of", or "attention problems". A SPECIFIC statement that the student is diagnosed with ADD or ADHD and the accompanying DSM-5-TR criteria are required for services and accommodations. Also, the evaluator must describe the substantial limitation(s) to academic learning presented by the attention disorder. If the data indicate that ADHD is not present, the evaluator should state that finding in the report. Additionally, any alternative explanations or diagnosis must be ruled out.

Diagnosis must be clearly supported (with data provided) using relevant test data with standard scores to support conclusions, including at least:

- WAIS-R
- Woodcock-Johnson Psychoeducational Battery-Revised, including Written Language
- Behavioral Assessment Instruments for ADD/ADHD, normed on adults

Recommendations for Accommodations

The diagnostic report should include specific recommendations for academic accommodations and the rationale for such recommendations. If accommodations are not identified specifically in the diagnostic report, the student must provide this documentation before services can be provided. A history of accommodations in itself does not warrant the provision of similar accommodations at Marion Military Institute. The final determination of appropriate and reasonable accommodation rests with the Chief Instructional Officer.

A summary of diagnostic findings is a component of the report. The summary might include an indication of how patterns of inattentiveness and/or hyperactivity validate the presence of ADHD, and the elimination of alternative explanations for academic problems (such as poor study habits, lack of motivation, psychological or medical problems).

DISTANCE EDUCATION POLICY

Marion Military Institute (MMI) recognizes distance education as a delivery system for instruction. Distance education is a formal educational process in which the majority of the instruction (interaction between students and instructors and among students) in a course occurs when students and instructors are not in the same place. Distance learning focuses on utilizing technology and teaching methods to provide instruction to students outside the regular classroom and thereby increases flexibility and scheduling options.

All current policies that apply to on-campus or "traditional classroom" education apply to distance education courses. This includes admission, prerequisites, grade requirements, etc.

The following policy statements apply to distance education courses at MMI:

1. Distance education courses must be of the same quality and rigor as those presented on campus as demonstrated through the following procedures:

- Instructors will submit course syllabi to the Department Chair for review and approval by the Chief Academic Officer and Chief Instructional Officer prior to course implementation.
- Instructors will submit and report scheduled student learning outcomes to Department Chairs for review.
- The Assessment Committee will review annual institutional effectiveness reports. These reports will include course evaluations and the comparability of distance education and traditional courses.

2. Instructors must demonstrate how student work is monitored to assure integrity through the following procedures:

- Each instructor or an approved proctor will (1) administer at least one significant on-campus examination or assignment per course OR (2) require at least one significant examination or assignment per course be completed by the student through the LMS online monitoring system, Respondus Monitor. The choice of completing the examination or assignment on campus or through Respondus Monitor shall be at the discretion of each student.
- Each instructor will require students to present a formal ID prior to all video monitored exams or proctored exams.
- Each student will be required to use a unique user name and password to access the course management system, Blackboard, and other online instructional interfaces.

3. Distance education instructors must support continued communication with and amongst students by:

- incorporating a discussion board or other shared communication tool into the course whereby students and the instructor have the opportunity to regularly communicate;
- sending weekly emails to students in order to encourage course progress, make announcements regarding the coursework, etc.

4. Appropriate library/learning resources are made easily accessible for distance education students through access points within the course management system (Blackboard) and through the Baer Memorial Library web page.

5. Students who do not have access to a computer, may lease a laptop through the MMI Laptop Loaner Program, or use campus computer labs to complete distance education coursework.

6. All student services must be easily accessible and relative to distance education students. Access to such services is provided within the course management system and through the Academic and Cadet Life web pages.

7. Faculty approved to teach distance education must complete an orientation to distance education instruction session through the Alabama Community College System Quality Matters program prior to teaching a distance education course.

8. Distance Education faculty members must deliver accurate and current information. Faculty shall not include in the content or delivery of a course any information which he or she knows to constitute libel, invasion of privacy, infringement of copyright or other literary rights, or otherwise violate the legal rights of others.

ACADEMIC INTEGRITY POLICY

Because academic integrity is a cornerstone of MMI's commitment to the principles of leadership and character development, faculty members are responsible for ensuring that cadets uphold professional standards of research, writing, assessment, and ethics in their areas of study.

Definition of Academic Misconduct and Associated Penalties

Academic misconduct can generally be defined as all acts of dishonesty in an academic or related matter. Academic misconduct includes, but is not limited to, the following categories of behavior:

- a. **Cheating:** use or attempted use of unauthorized materials, information, study aids, the answers of others, or computer related information.
- b. **Plagiarism:** claiming as one's own the ideas, words, data, computer programs, creative compositions, artwork, etc., done by someone else. Examples include improper citation of referenced works, use of commercially available scholarly papers, failure to cite sources, or copying another's ideas.
- c. **Fabrication:** presenting as genuine falsified data, citations, or quotations.
- d. **Abetting:** helping another student commit an act of academic dishonesty. Allowing a fellow student to copy quiz/examination answers or use one's work as his/her own are examples of abetting.
- e. **Misrepresentation:** falsification, alteration, or misstatement of the contents of documents, academic works, or other materials related to academic matters, including works substantially done for one class as work done for another without receiving prior approval from the instructor.

The following is a list of penalties that may be imposed upon any student found guilty of academic misconduct:

1. Requirement to submit additional work or take additional examinations.
2. A lower or failing grade on the assignment or examination.
3. A lower or failing grade in the course.
4. Removal from class.

Procedures for Reporting Academic Misconduct

In the event of suspected academic misconduct, the following procedure will be followed.

The Instructor for the course will:

- document the commission of the act by writing down the date, time, and place of the infraction along with a written description of the violation;
- collect any evidence of the violation;
- provide the cadet an opportunity to explain the incident;
- complete an Academic Dishonesty Report form, including the cadet's explanation of the incident;
- ask the cadet to sign the form (if the cadet refuses to sign the document, the instructor should note the refusal on the form); and
- submit, within 3 academic/business days of the infraction, the completed Academic Dishonesty Report, including any recommended penalties, and any accompanying evidence to his/her Department Chair. If extenuating circumstances prevent the delivery of the form and evidence to the Department Chair, the instructor is to at least notify the Department Chair that an infraction has occurred and required paperwork will be forthcoming.

The Department Chair will:

- review the Academic Dishonesty Report, accompanying evidence, and recommended penalty(ies), taking into consideration the egregiousness of the infraction and whether this is the cadet's first violation of the Academic Integrity policy or a subsequent violation;
- render a decision, within 3 academic/business days, as to agreement or disagreement with the recommended penalties and notify the Chief Instructional Officer (CIO) of the infraction and recommended penalties; and
- confer with the CIO, and both the CIO and the Department Chair will render a decision as to the penalties that will be assessed. If the Department Chair and CIO are in agreement with the penalty(ies), the Chair will meet with the cadet, within 3 academic/business days, to provide the decision.

If the Department Chair and the CIO do not agree on the resolution and penalties for the infraction, the decision will go to the Chief Academic Officer, who will render a decision within 5 academic/business days of receiving the relevant materials and inform both the Department Chair and the CIO. The Department Chair will then meet with the cadet, within 3 academic/business days, to notify him/her of the decision.

Appeals Process

A cadet will have the option to appeal the decision. The cadet must notify the Chief Instructional Officer (CIO) in writing, within 3 academic/business days of receipt of notification of the decision regarding the penalty assessed, of his/her desire to appeal the decision.

If an appeal is requested, the CIO will assemble the Academic Appeals Committee, an MMI standing committee composed of MMI faculty and staff, to meet within 5 academic/business days of the receipt of the appeal. If the student's instructor who initiated the case is a member of the standing committee, the CIO will ask another faculty member to take the place of the initiating instructor for the appeals meeting. The student may be accompanied at the meeting by his/her

faculty advisor, TAC officer, or a faculty member of his or her choice. The decision of the Appeals Committee is final. The CIO will notify the cadet, in writing, of the Appeals Committee's decision.

Honor Council

The process described above addresses the academic consequences of academic dishonesty. Once the case has been decided within academic affairs, the case will be reported to the MMI Honor Council, who may choose to review the incident further as an honor offense.

Student Complaints Against Faculty or Staff

The purpose of this procedure is to provide a means for resolving legitimate complaints. A complaint is defined as a grievance that cannot be resolved informally. A student may file a complaint against a member of the MMI faculty or staff. Prior to a formal written complaint, students are encouraged to discuss the matter with the faculty or staff member's direct supervisor to attempt to resolve the grievance informally. If the grievance cannot be resolved informally or to the student's satisfaction, the student may file a formal written complaint. All formal complaints must be filed with the MMI Director of Human Resources, located in the Administrative Building, within five (5) business days in which the incident occurred. A written formal complaint must include the following:

1. Student name, physical campus address, cell phone number, and email address;
2. The faculty or staff member named in the complaint;
3. The facts on which the complaint is based, including dates, times, and witnesses;
4. A summary of what has been done in an attempt to resolve the situation;
5. The resolution requested.

Written complaints will be received by the Director of Human Resources, who will review the complaint and discuss it with the appropriate department(s). The Director of Human Resources may designate a college official to respond to the student. The Director of Human Resources, or designee, will provide a written response to the student within fourteen (14) calendar days from the time the written formal complaint is received.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA)

A. The Student Notification of Rights Under the Family Educational Rights and Privacy Act of 1974.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records, which include the following:

1. Students have the right to inspect and review their educational records. Students must submit a written request to the Office of the Registrar that identifies the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the record is not maintained by the Registrar, they shall advise the student of the correct official to whom the request should be addressed.
2. Students have the right to request amendment(s) of their educational records that they believe are inaccurate or misleading. A student should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why the record is inaccurate or misleading. If the College does not agree as to the accuracy of the record, the student may request a hearing before the Academic Appeals Committee. If the student does not agree with the Committee's decision, the student has a

right to place a statement with the record, setting forth their view about the contested information.

3. Students have the right to consent to disclosures of personally identifiable information contained in their educational records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff), a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent), or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if a review of an education record fulfills his or her professional responsibility.
4. Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

A. Access to Student Records

Under the provisions of FERPA, all students and former students have the right to inspect their educational records in the Office of the Registrar. This right of inspection does not apply to any information submitted to this office as confidential prior to January 1, 1975, nor to access by students to financial records of parents. Parents or guardians of a dependent student 18 years of age or older may gain access to a student record under certain provisions as specified by law; otherwise, parents or guardians of a dependent student 18 years of age or older may not see records or receive any grades unless the student specifically designates that their records and/or grades be made available to the parents or guardians. Release of Information forms must be completed by students, in person, through the Office of Academic Affairs.

B. Directory Information

Under the Federal Family Educational and Privacy Rights Act, 10 U.S.C. 1232g, Marion Military Institute may disclose certain information as "directory information." Directory information includes the following: name, home address, email address, telephone number, dates of attendance, enrollment status, major fields of study, degrees and awards earned, participation in officially recognized activities and sports, weight and height of members of the athletic teams, photographs, and most recent educational institution attended. If any student has an objection to any of the aforementioned information being released during any given semester or academic year, the student should provide a written request to the Office of the Registrar during the first three weeks of the respective semester for the information to be blocked.

D. Transcripts

Marion Military Institute will release transcripts of a student's work only upon written request from the student. A student's request for the release of an MMI Transcript should be completed through the MMI website:

<https://marionmilitary.edu/academics/transcript-request-2/>.

The College reserves the right to deny the release of a transcript if a student has outstanding financial obligations or outstanding admissions requirements to the College.

MMI

Admission Information

- GENERAL ADMISSIONS INFORMATION AND PROCEDURES
- ADMISSION TO AN ASSOCIATE DEGREE PROGRAM FOR FIRST-TIME COLLEGE STUDENTS
- ADMISSION TO AN ASSOCIATE DEGREE PROGRAM AS A TRANSFER STUDENT
- RE-ADMISSION TO MMI
- LEARNING SUPPORT AND COURSE PLACEMENT
- TRANSFER POLICY
- DUAL ENROLLMENT
- NONTRADITIONAL ACADEMIC CREDIT
- CLEP EXAMS
- ADVANCED PLACEMENT
- TRANSCRIPTED MILITARY TRAINING
- CREDIT FOR MILITARY TRAINING

GENERAL ADMISSIONS INFORMATION AND PROCEDURES

Candidates for admission and their families are encouraged to visit the campus and tour the campus facilities. During the visit, the candidate will meet with an admissions counselor. Appointments should be made by phoning the MMI Admissions Office at 1-800-MMI-1842.

All students seeking admission to the collegiate programs at Marion Military Institute must comply with the following procedures.

1. Complete and submit an Application for Admission.
2. Submit one primary form of documentation. Submission of this document can be either in person or electronically.
Primary forms of documentation include: an unexpired Alabama Driver's License or instruction permit; unexpired Alabama identification card; unexpired U.S. Passport; unexpired U.S. Permanent Resident Card; Resident Alien Card – Pre 1977; Unexpired Driver's License or instruction permit from another state or possession that verifies lawful presence, dated 2000 and beyond; U.S. Alien Registration Receipt Card (Form I-151) prior to 1978; BIA or tribal identification card with photo; I-797 Form with expiration date; or voter identification card from a state that verifies lawful presence.
3. Provide all official academic transcripts and official copies of ACT and/ or SAT scores. Incoming freshmen are expected to have completed the following high school requirements: 4 credits of English; 4 credits of mathematics to include algebra I, II, and geometry; 4 credits of science to include biology and physical science; and 4 credits of social studies.
4. Provide a copy of the applicant's social security card.
5. Submit a copy of the applicant's birth certificate or proof of U.S. citizenship.
6. Submit proof of registration with Selective Service (males, ages 18 through 26).
7. Submit \$200 room deposit.
8. Completion of the Magnus online health portal

Hepatitis A

2 doses after the age of 6 months

Hepatitis B

3 doses with 2nd dose more than 1 month after the first, and 3rd dose 6 months after the 2nd dose

Measles, Mumps, and Rubella (MMR)

2 doses after the age of 1 year with 2nd dose must be 1 month after the first dose

Meningococcal (MCG, Menomune)

1 dose required after the age of 16 years (A and B)

Polio Virus Vaccine (OPV, IPV)

4 doses with the date and place of all doses. Note: if the student is ECP (Early Commissioning Program) or SAP (Service Academy Program), the military requires 1 dose before the student's 18th birthday.

Tetanus, Diphtheria, and Pertussis (Td, Tdap, TD, Dt DPT)

List date and type of all doses. One Tdap is required in a lifetime, and TD is required every 10 years.

Varicella (Chicken Pox)

If the student has had Chicken Pox, the results of a Varicella titer to show proof of immunity must be included. If the student has not, he/she will need 2 doses of the Varicella, the 2nd dose given at least 1 month after the 1st dose.

Human Papillomavirus Vaccination (HPV)

Not required, but highly recommended to all males and females attending MMI. Three doses with the 2nd dose 2 months after the 1st and the 3rd dose 6 months after the 1st.

Tuberculosis Test (IPPD)

Required. Test must be after May 1 for fall admissions, and after November 1 for spring admissions.

9. Meet medical criteria as described below.

In addition to meeting reasonable standards of good health, applicants must exhibit good conduct, a willingness to accept responsibilities for their actions, and respect for others. Applicants must also meet academic and physical competency standards as part of their admission, which may exclude persons with specific disabilities. They must have exhibited the capacity to adjust to and work effectively in a closely monitored, highly disciplined, and occasionally stressful environment.

All cadets are required to participate in certain physical activities (e.g., marching with a rifle in formation, participating in intramural athletics), all considered essential to the traditions of a military school and to the development of individual leadership skills and a sense of camaraderie as a member of the Corps of Cadets

Physical standards considered disqualifying for admission:

1. Active epilepsy;
2. Diabetes requiring special diet and insulin therapy;
3. Blindness;
4. Deafness;
5. Chronic renal disease;
6. Chronic cardiac disease;
7. Severe symptomatic asthma;
8. Any severe neuromuscular or orthopedic disease or any other substantial physical limiting condition, which, in the opinion of the medical staff, would interfere with the cadet's performance and physical activity in accordance with Marion Military's requirements; and/or
9. Inability to participate fully in required physical activities.

Behavioral/health standards considered disqualifying for admission:

1. Any felony criminal conviction;
2. Any other conviction where the cadet is still on probation or under the jurisdiction of the courts adjudication phase. This includes charges that have not been fully resolved because of pending court dates, directed educational programs or community service or mandatory counseling requirements
3. Any permanent dismissal from any school;
4. Any attempted suicide;
5. Manic-depressive disorder, evidence of emotional disturbance, bipolar disorder, regularly scheduled psychological counseling or any other severe psychological disorders or limiting condition which in the opinion of the medical staff would interfere with the cadet's ability to function satisfactorily at Marion Military Institute;

6. Demonstrated inability to meet the existing academic requirements without significant accommodations that would alter the academic mission of the Institute;
7. A drug addiction; and/or
8. An alcohol addiction.

Upon admission, an individual who discloses a disability can request reasonable accommodations. Individuals will be asked to provide documentation of the disability in order to assist with the provision of appropriate reasonable accommodations. MMI will provide reasonable accommodations, but is not required to substantially alter the requirements or nature of its programs or provide accommodations that inflict an undue burden. Supplemental learning aids and/or materials are the responsibility of the student.

ADMISSION TO AN ASSOCIATE DEGREE PROGRAM FOR FIRST-TIME COLLEGE STUDENTS

An applicant who has not previously attended a duly-accredited postsecondary institution will be designated a first-time college student. For unconditional admission and to be classified as “degree-eligible,” applicants must have on file at the institution a completed application for admission and submit the following.

1. An official transcript showing graduation from high school or an official GED certificate.
2. Official ACT or SAT scores.

The College has established additional admission requirements for specific programs.

1. For admission to the **Early Commissioning Program**, the applicant must have a minimum of a 17 composite on the ACT (equivalent on the SAT) and a minimum high school grade point average of 2.00. Army ROTC makes the final determination on admission to the ECP upon applicant meeting standards set forth by the United States Army Cadet Command Regulations.
2. For admission to the **Leadership Education Program**, the applicant must have a minimum of a 16 composite on the ACT (equivalent on the SAT) and a strong high school record of academic achievement in core courses.
3. For admission to the **Service Academy Program**, the applicant must have a score on the SAT of 1160 or more (ACT composite of 24 or more) with both a math and verbal score of 580 or more (ACT math and English of 24 or more), and at least a 3.0 high school grade point average. The only exceptions to these criteria may be those made by the sponsoring Academy or those candidates deemed eligible for the program by the Director of the Service Academy Program.
4. For admission to the Air Force ROTC Program, the applicant must have a minimum of a 24 composite on the ACT (equivalent on the SAT) and a minimum high school GPA of 2.5.
5. For admission to the Marine Corps Platoon Leaders Course, the applicant must have a minimum of a 22 composite on the ACT (equivalent on the SAT) and a minimum high school GPA of 2.0.

Conditional admission of a first-time student may be granted to an applicant if the college has not received proof that the student has satisfied one of the admission requirements identified in the General Admissions Procedures. Failure to provide documentation by the end of the first semester will prevent a student from future registration

and official transcript release.

ADMISSION TO AN ASSOCIATE DEGREE PROGRAM AS A TRANSFER STUDENT

An applicant who has previously attended another regionally-accredited postsecondary institution will be considered a transfer student. Regionally-accredited refers to accreditation provided by one of the six regional accrediting bodies recognized by the U.S. Department of Education.

To be eligible for unconditional admission and classified as degree-eligible, a transfer student must have submitted to the institution an application for admission and official transcripts from all postsecondary institutions attended and any other documents required for first-time students. A transfer student who does not have on file official transcripts from all postsecondary institutions attended and any additional documents required by the institution may be granted conditional admission. No transfer student shall be allowed to enroll for a second semester unless all required admissions records have been received by the institution prior to registration for the second semester.

RE-ADMISSION TO MMI

Any student who withdraws, does not return, or is dismissed from Marion Military Institute must apply for re-admission. Re-admission criteria will be the same as the original criteria for admission. Furthermore, the reason and circumstances surrounding the student’s departure will be taken into consideration for re-admission and may require additional documentation and review before the student is readmitted. A \$30 application fee will be charged upon application for readmission.

LEARNING SUPPORT AND COURSE PLACEMENT

As mandated by the Alabama Community College System, Marion Military Institute reviews the academic record of all incoming students before placing students in selected courses. This review will include, but may not be limited to: ACT or SAT scores in subject areas English and mathematics (test must have been taken in last 5 years); high school grade point average (GPA); credit for particular high school English and mathematics courses and grades in those courses; and a college transcript, if applicable.

If college-level course placement is still not indicated after the review of these records using the criteria noted below, the student will take the ACCUPLACER assessment test to determine placement. Criteria for placement in college-level courses are as follows.

Eligibility to take ENG 101 (Student must meet one of the following requirements.)

- ACT English score of 18 or higher
- SAT verbal score of 510 or higher
- High school GPA of 2.75 or higher and an A or B in English IV (senior English) within 5 years
- WritePlacer (ACCUPLACER) score of 5 or higher with test taken within 5 years
- Proof of completion of developmental English requirements from another accredited college or university

Eligibility to take ENG 101 with ENG 099 Corequisite (Student must meet one of the following requirements.)

- ACT English score of 17 (test taken within 5 years)
- High school GPA of 2.75 or higher and a grade of C in English IV (Senior English) within 5 years
- Writeplacer (ACCUPLACER) score of 4 with test taken within 5 years

Other English Placement

If none of the noted criteria match a student's academic performance, the student will be placed after taking the ACCUPLACER assessment test.

Eligibility for Collegiate Level Mathematics

For students with a 17 or higher on the ACT math score (equivalent on the SAT math), placement is determined by students meeting one of the following criteria:

Enroll in MTH 100 & MTH 099

- ACT math score (equivalent SAT) of 17
- High school GPA of 2.75 or higher AND a grade of C in Algebra II, Precalculus, or Calculus within 5 years
- Accuplacer QAS score of 243-252 within 5 years

Enroll in MTH 100

- ACT math score (equivalent SAT) of 18, 19, 20, or 21
- Proof of completion of developmental math requirements from another accredited college or university
- High school GPA of 2.75 or higher AND grade of A or B in Algebra II, Precalculus, or Calculus within 5 years
- Accuplacer QAS score of 253-266 within 5 years

Enroll in MTH 110 & MTH 109

- ACT math score (equivalent SAT) of 17 or higher
- Proof of completion of MTH 098 or its equivalent with a grade of C or higher from another accredited college or university within 5 years
- Accuplacer QAS score of 243-252 within 5 years

Enroll in MTH 110

- ACT math score (equivalent SAT) of 18 or higher
- Proof of completion of MTH 100 or its equivalent with a grade of C or higher from another accredited college or university within 5 years
- Accuplacer QAS score of 210 within 5 years

Enroll in MTH 112 & MTH 111

- ACT math score (equivalent SAT) of 18 or higher
- Proof of completion of MTH 100 or its equivalent with a grade of C or higher from another accredited college or university within 5 years
- Accuplacer QAS score of 253-266 within 5 years

Enroll in MTH 112

- ACT math score (equivalent SAT) of 20 and a grade of C or higher in Algebra II, Pre-Calculus, or Calculus within 5 years
- ACT math score (equivalent of SAT) of 22 or higher
- Proof of completion of MTH 100 or its equivalent with a grade of C or higher from another accredited college or university within 5 years
- Accuplacer QAS score of 267 or higher within 5 years

Enroll in MTH 113 or MTH 120

- ACT math score (equivalent SAT) of 25 or higher

Enroll in MTH 125

- ACT math score (equivalent SAT) of 27 or higher

Enroll in MTH 265

- ACT math score (equivalent SAT) of 22 or higher

Other Mathematics Placement

If none of the noted criteria match a student's academic record, the student will be placed after taking the ACCUPLACER assessment test.

TRANSFER POLICY

Marion Military Institute generally accepts liberal arts and general studies credits from regionally-accredited colleges and universities. The amount of transfer credit and advanced standing credit will be determined by the Chief Instructional Officer. No credit will be accepted for junior or senior level courses taken at four-year institutions.

Transfer credit will be evaluated and recorded by the Registrar once all official transcripts are on file. Coursework transferred or accepted for credit must represent collegiate coursework relevant to the degree program, with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the Institute's own degree programs.

Credit will be accepted for transferable courses in which the student has received a grade of "C" or higher. A transfer grade of "D" will only be acceptable when the transfer student's cumulative GPA is 2.0 or above. If the student has a cumulative grade point average of 2.0 or above, the student's "D" grade will be accepted the same as for native students. Grades for transfer courses are not calculated in the Marion Military Institute grade point average.

DUAL ENROLLMENT

Marion Military Institute recognizes and accepts college credit earned, with a grade of C or higher, through dual enrollment programs. Students must request a transcript be sent from the college conferring the credit to the MMI Registrar's Office. The transcript will be reviewed and appropriate credit assigned.

NONTRADITIONAL ACADEMIC CREDIT

College credit may be awarded through nationally recognized examinations such as: Advanced Placement (AP); College Level Examination Program (CLEP); United States Armed Forces Institute (USAFI); or Defense Activity for Non-traditional Education Support (DANTES/DSST).

Nontraditional academic credit awarded by Marion Military Institute may not be accepted and awarded at four-year institutions. It is the student's responsibility to verify credit with transfer institutions.

CLEP EXAMS

With the exception of sponsored and non-sponsored students enrolled in the Service Academy Program, Marion Military Institute awards credit earned through CLEP examinations provided minimum scores are achieved and certain conditions are met. A minimum score at or above the 50th percentile (50%) on both General Examinations and Subject Examinations is required for credit. Official score reports must be received by the college directly from Educational Testing Service.

Credit through General Examinations and Subject Examinations is granted only if the exams were taken before entering the Institute, and with proper documentation. CLEP credit is not granted for college-level courses previously failed, for courses in which credit for higher level course work has been earned, or for both Subject Examination and the course equivalent. It is the student's responsibility to request an official CLEP score report be sent to the Registrar.

Students may receive a maximum of 3 hours of credit awarded in each academic area: Humanities, History, and Social Sciences. Students may not receive credit for a mathematics course higher than MTH 113. Students may not receive CLEP credit for courses in biology, chemistry, physics, or other laboratory courses.

CLEP Subject Examinations

Exam	Required Score	Course	Credits Awarded
Intro to Psychology	49	PSY 200	3
Intro To Sociology	50	SOC 200	3
US History I	50	HIS 201	3
US History II	50	HIS 202	3
Human Growth and Development	50	PSY 210	3

Advanced Placement

Marion Military Institute will also review credit earned, with a grade of 3 or higher, through the Advanced Placement Program of the College Board (AP). Students should request an official copy of their AP scores be sent to the MMI Registrar's Office.

Marion Military Institute AP Equivalents and Credits	
AP Examination*	Number of Credit Hours
Art History	6 - ART 203 and 204
Biology	8 - BIO 103 and 104
Calculus A B	4 - MTH 125
Calculus B C	8 - MTH 125 and 126
Chemistry	8 - CHM 111 and 112
Economics: Macro	3 - ECO 231
Economics: Micro	3 - ECO 232
English Language & Composition	6 - ENG 101 and 102
English Literature & Composition	6 - ENG 102 and ENG 999 (Elective)
Government & Politics - Comparative	3 - POL 200
Government & Politics - United States	3 - POL 211
Physics B	8 - PHY 201 and 202
Physics C/Mechanics	4 - PHY 213
Physics C/Electricity & Magnetism	4 - PHY 214
Pre-calculus	6 - MTH 112 and 113
Psychology	3 - PSY 200
Spanish Language	
Score of 3	4 - SPA 101
Score of 4 or 5	8 - SPA 101 and 102
Statistics	3 - MTH 265
Studio Art Drawing	6 - ART 113 and 114
U.S. History	6 - HIS 201 and 202
World History	6 - HIS 121 and 122
*A minimum examination score of 3 is required for consideration for credit awards.	

TRANSCRIPTED MILITARY TRAINING

Marion Military Institute will award credit for academic courses based on equivalent transcribed military training. Students must submit an ACE Joint Service Transcript or an official transcript from the Community College of the Air Force to the Registrar for evaluation.

USAFI & DANTES/DSST

Marion Military Institute may award credit for United States Armed Forces Institute (USAFI) or Defense Activity for Non-Traditional Educational Services Support (DANTES/DSST) based on the course recommendation equivalencies of the American Council on Education (ACE). Students must submit an ACE Joint Service Transcript to the Registrar for evaluation.

MMI Degree Program Information

- DEVELOPMENTAL STUDIES PROGRAM
- GENERAL EDUCATION
- ASSOCIATE IN ARTS DEGREE
- ASSOCIATE IN SCIENCE DEGREE

PROGRAM OF STUDY

Marion Military Institute offers an associate degree program designed to meet the needs of students who plan to transfer to four-year institutions to pursue a baccalaureate degree.

PLANNING THE EDUCATIONAL PROGRAM

It is the cadet's responsibility to select the academic sequencing of courses, register, and successfully complete program requirements which lead to graduation. The academic advisors at Marion Military Institute are available to assist students in degree planning and course selection, but it is ultimately the cadet's responsibility to plan and complete his or her academic program. As preparation for academic advising, students who already know where they wish to transfer upon graduation should obtain a copy of that institution's program requirements to assist in planning their courses to be taken at Marion Military Institute.

ACADEMIC ADVISEMENT

Each student is assigned a faculty advisor soon after arrival at Marion Military Institute. The advisement process at MMI is considered an ongoing, interactive process between the advisor and the student, which facilitates the development and attainment of the student's educational goals.

The online registration instructions should be referred to as an aid in selecting initial courses and schedules. After arrival, discussions between a student and his/her appointed advisor should take place on a regular basis but certainly before each semester's preregistration period and before any change is made in the student's academic class schedule. Topics of discussion might include selecting courses, dropping a class, and understanding degree requirements.

Students bear full responsibility for any complications that arise because of their failure to follow established policies, procedures, course requirements and prerequisites, or the advice of counselors or academic advisors. The college does not consider lack of student awareness as sufficient reason to waive any requirement or make exception to any policy or practice.

PREREQUISITES

Course prerequisites are listed along with each course description. In rare instances, MMI's prerequisites differ from those stated in the Alabama Community College System Course Directory. These differences occur due to the unique offerings of Marion Military Institute. More information may be received from the Chief Instructional Officer.

STARS TRANSFER GUIDE

In 1994, the Alabama Legislature created by law the State of Alabama Articulation and General Studies Committee and the Statewide Articulation Reporting System (**STARS**). The STARS System allows public two-year students in Alabama to obtain a Transfer Guide/Agreement for the major of their choice. This guide/agreement, if used correctly, directs the student through their first two years of coursework and prevents loss of credit hours upon transfer to the appropriate public four-year university in Alabama. Students who plan to transfer to a four-year college or university **in the State of Alabama** should print a STARS transfer guide by following

the instructions on the following website - www.alabamatransfers.com.

All transfer students should:

1. Print a copy of the guide for the student's use and verification purposes.
2. Meet with an advisor to discuss the guide and the requirements listed.
3. Obtain a new guide if major is changed.
4. Read the entire guide and agreement carefully.
5. Follow the instructions listed on the guide and in the agreement.
6. Research the planned transfer institution (admissions requirements vary from institution to institution).

ARTICULATION AND SCHOLARSHIP AGREEMENTS

Auburn University at Montgomery (AUM) and Marion Military Institute (MMI) agree to mutual cooperation in the articulation and transfer of courses, and establishment of application and registration process to facilitate the transfer of MMI graduates to AUM for the purpose of earning a bachelor's degree. Subject to terms of this agreement, a student who has earned both an associate's degree and possesses a cumulative GPA of 2.0 from MMI may be eligible for admission to AUM with up to a maximum of 64 semester hours transferring.

Auburn University (all branches) agrees to award Leadership Scholarships in the amount of \$5,000 each for two in-state MMI transfer students and \$15,000 for two out-of-state MMI transfer students who meet the following qualifications:

- 1) Acceptance at Auburn University
- 2) Awarded an Associate's Degree from MMI prior to AU enrollment
- 3) Enrolled at MMI for at least 3 semesters
- 4) Enrolled in or actively seeking enrollment in a military officer commissioning program, including the ECP, an Auburn ROTC program, Marine PLC, or any similar programs; OR
- 5) Successfully held a formal leadership position in the MMI Corps of Cadets for at least one semester; AND/OR
- 6) Endorsement and recommendation from the MMI Commandant of Cadets
- 7) A signed scholarship agreement returned to Auburn University

8) Minimum cumulative MMI GPA of 2.75 at the time of application

Carson-Newman University

All Early Commissioning Program (ECP) graduates from Marion Military Institute (MMI) who transfer to Carson-Newman will receive an institutional gap scholarship valued up to a maximum of \$8,000 for the cost of on-campus room and meals, less other gift aid such as the federal Pell Grant, other state aid, etc. The tuition for ECP graduates will be covered by the Army ROTC Educational Assistance Program (EAP), which will cover all tuition expense as governed by the rules for the program. ECP students are not eligible to receive an academic transfer merit scholarship as they will receive the gap scholarship.

All non-ECP MMI graduates will be offered an academic transfer merit scholarship based on their cumulative transferrable college grade point average. Merit-based scholarships will be automatically renewed for the recipient's applicable sophomore, junior, or senior year(s) at Carson-Newman, provided that the grade point average and progress toward degree requirements are met.

GPA 2.00 – 2.49: \$6,000 per full academic year (\$3,000 per full-time fall or spring semester)

GPA 2.5 – 2.99: \$8,000 per full academic year (\$4,000 per full-time fall or spring semester)

GPA 3.00 or above: \$10,000 per full academic year (\$5,000 per full time fall or spring semester)

All transfer students will be required to take 7 credit hours from the Carson-Newman liberal arts core to satisfy university graduation requirements. These include: LA 102 (Introduction to the Liberal Arts for Transfers), REL 101 (Introduction to the Old Testament) and REL 102 (Introduction to the New Testament.)

Students who matriculate into a Bachelor of Arts (B.A.) program will be required to complete the Carson-Newman foreign language requirement for their chosen academic major unless they have satisfied those requirements through their associate degree coursework.

For both the Carson-Newman gap and merit-based scholarships, as well as the academic program, other restrictions and requirements apply. More information is available in the MMI Office of the Registrar.

Mississippi State University and Marion Military Institute entered into an agreement in the spirit of delivering levels of access and service to students pursuing a Mississippi State University undergraduate degree after graduating with the Associate's Degree from MMI. Mississippi State University will award Mississippi State University/MMI Leadership scholarships in the amount of \$2,500 annually (\$1,250/semester) each for up to five MMI transfer students (Mississippi residents and non-residents). Criteria for these scholarships include:

- 1) Acceptance to Mississippi State University
- 2) Awarded an Associate's Degree from MMI prior to enrollment at Mississippi State University
- 3) Enrolled at MMI for at least 3 semesters
- 4) Minimum overall MMI GPA of 2.85 at time of application

5) Enrolled in or actively seeking enrollment in a military officer commissioning program, including the ECP, Mississippi State University ROTC program, Marine PLC, or any similar programs including:

- a. Successfully held a formal leadership position in the MMI Corps of Cadets for at least one semester
- b. Recommendation from the MMI Commandant of Cadets based on exceptional conduct, character, and leadership potential,

6) A signed scholarship agreement must be returned to Mississippi State University

7) The award period will be for four semesters at Mississippi State University. Renewal for the third and fourth semester will be contingent upon an overall Mississippi State University GPA of 3.00.

The University of Alabama agrees to award Leadership Scholarships in the amount of \$5,000 annually (\$2,500 per semester) each for ten MMI transfer students. Awards will be made based on financial need as determined by GI Bill eligibility at the State and Federal level as verified by the Office of Veteran and Military Affairs at UA. Criteria for these scholarships include

- 1) Acceptance at the University of Alabama
- 2) Awarded an Associate's Degree from MMI prior to UA enrollment
- 3) Enrolled at MMI for at least 3 semesters
- 4) Enrolled in or actively seeking enrollment in a military officer commissioning program, including the ECP, an UA ROTC program, Marine PLC, or any similar programs; OR
- 5) Successfully held a formal leadership position in the MMI Corps of Cadets for at least one semester; AND/OR
- 6) Endorsement and recommendation from the MMI Commandant of Cadets
- 7) A signed scholarship agreement returned to the University of Alabama
- 8) Minimum cumulative MMI GPA of 2.75 at the time of application

The University of North Alabama and Marion Military Institute (MMI) establishes terms of agreement for educational cooperation between the two institutions. UNA and MMI seek to establish a formal agreement that improves the transition for MMI students into its programs. The primary objective of this Articulation Agreement is to develop a program that benefits both UNA and MMI by offering MMI associate degree students the opportunity to earn a bachelor's degree at UNA.

The transferability of course work is subject to the following recommendations and restrictions:

1. The students will be graduated under the catalog in effect on the date at the institution to which he or she is transferring unless the student is given and accepts the opportunity to be placed under a more recent catalog or unless a change in the program is mandated by requirements of an external accrediting agency or other regulatory agency, including, but not limited to, the Alabama State Department of Education, ACHE, SACSCOC, or CAEP. In the case of any changes resulting from new requirements of an external accrediting agency and/or other regulatory agency, the transfer student will be affected in the same manner as students native to the University.

2. Students transferring from MMI must meet UNA admission requirements.

3. When a course sequence is required, it is recommended that students complete the sequenced courses at one institution.

4. This guide remains valid and is guaranteed only if the student continues in the major specified in this transfer guide.

5. Completion of coursework listed on this guide does not guarantee admission to UNA; nor to the major specified in this agreement; nor to any specific field of study. Students must be officially admitted according to the admission requirements as established by UNA.

6. Transferability of CLEP credit and advanced placement credit is left up to the discretion of UNA.

7. The transfer of "D" grades will be in accordance with the policy of UNA. The same policies must be applied to transfer students as those applied to native students.

8. The total number of hours required of a transfer student who has compiled with the requirements of the articulation guide for a degree in a particular major field at the receiving institution shall not exceed the number of hours required of native students at UNA in the same program.

9. If only part of Areas I-V is completed at MMI, UNA shall give full credit for those hours taken. This means that credit earned towards Areas I-V for a particular major will be applied by UNA Areas I-V in that same major.

10. As a part of this MOU, UNA agrees to provide your organization:

a. Scholarship: A scholarship of \$2,500 of tuition value of traditional (face-to-face) and online courses will be extended to all regular, full-time, transfer students whose grade point average is above a 2.75 transferable GPA, who do not qualify for either Community College (3.0 with 30 transferable hours) or Phi Theta Kappa Scholarships (3.25 with 30 transferable hours and a recommendation from PTK advisor). The scholarship will be an awarded rate for each consecutive course of the program, up to one year (30 credit hours) to complete their undergraduate degree. Scholarship cannot be combined with any other scholarship or discount and students may not have attended another four-year institution. 4.1. MMI students may be eligible for a Transfer Housing Scholarship if they are members of PTK and have a 3.75 transferable GPA.

b. Full-Time Employee Discount: A discount of 20% of tuition value of online graduate or undergraduate courses will be extended to all fulltime employees at MMI. Scholarships cannot be combined with any other scholarship or discount.

c. Reverse Transfer: A student may opt in to a reverse transfer agreement on their application. As long as a student marks their intended participation on their application, we will notify the degree awarding institution (MMI).

d. UNA guarantees admission to all MMI students as long as they leave MMI in good standing and 45 transferable credit hours or completion of their associate's degree from MMI.

e. Pre-Transfer advising offered at MMI and/or at UNA with an academic advisor.

University of West Alabama (UWA) and Marion Military Institute (MMI) entered into an agreement whereby academic credit earned at MMI will go toward a Bachelor of Science/Bachelor of Arts degree program at UWA. The courses offered at MMI, as an integral part of its associate's degree, will be accepted by UWA consistent with the University's established standards for academic transfers as determined by the UWA Registrar's Office. This includes, but is not limited to, courses associated with the basic curriculum, Military History and Leadership.

UWA will accept experiential credit documented on a transfer student's transcript from MMI or other accredited entity (such as the Alabama Fire College) utilizing the formula of 15 contact hours equal one semester hour. Depending upon the previously established

guidelines of UWA, this technical credit may be awarded at the 200- or 300- level to be applied to the major requirements under the Bachelor of Science in Public Safety. The courses must not have been previously awarded academic credit by another institution of higher education. Career development courses beyond the level of "Basic Certification" for a given discipline will be considered by the same formula noted above. Additionally, the career development course must result in additional certification or privilege within the individual's career field, and the course must be a minimum of 40 contact hours and include some measure of skill/knowledge proficiency (written or practical.)

Up to 60 academic credit hours of course work at MMI may be transferred to UWA in a Bachelor of Science/Bachelor of Arts degree program. A maximum of an additional 42 hours of eligible experiential/technical credit/career development credit may be accepted by UWA in the Bachelor of Science in Public Safety degree program. A total of 90 credit hours maximum may be transferred into UWA between academic coursework and eligible experiential/technical credit/career development credit.

The University of West Florida (UWF) and Marion Military Institute (MMI) signed an agreement to provide MMI students an easier transition to UWF. Under the agreement, students who have earned an associate's degree and possess a cumulative GPA of 2.0 at MMI are eligible for admissions to UWF with up to 64 semester hours transferring.

An academic advisor from UWF will work closely with eligible MMI students to ensure that students have been advised of all degree requirements remaining prior to beginning their first semester at UWF. In addition, UWF will waive application fees for MMI students applying to UWF within the parameters of this agreement, as long as the student is currently enrolled and in good standing at MMI.

Troy University and Marion Military Institute (MMI) agree to award the Troy University/MMI Leadership Scholarship in the amount of \$2,000 annually based on a set of requirements for applicants including but not limited to the following: a) a 2.75 GPA from MMI at the time of application; b) an Associate's Degree from MMI representing three (3) semesters of enrollment at MMI; c) an award period of four semesters (excluding summer semesters) with renewal of the scholarship in the third and fourth semesters contingent on an overall Troy GPA of 2.75.

Please contact the office of MMI's Director of Academic Success or the Chief Instructional Officer for more information.

DEVELOPMENTAL STUDIES PROGRAM

ENR 098	Writing and Reading for College
MTH 098	Elementary Algebra

The Developmental Studies courses at MMI provide an educational opportunity for students to strengthen their foundational skills in preparation for college-level academic courses. Developmental courses are designed to offer individualized and group instruction in the areas of reading, standard written English, and mathematics.

NOTE: Developmental courses do not confer credits that meet program or hour requirements for graduation.

GENERAL EDUCATION

The College requires a core of general education courses as a part of the degree program. The purpose of the general education courses is to provide cadets with a strong foundation that will prepare them for study at four-year colleges and universities. The general education core at MMI constitutes forty-five hours of the sixty-four hour degree requirement. The general education component is contained within the following subject areas:

Composition	6 hours
Humanities & Fine Arts	12 hours
Math & Natural Science	11 hours
History, Social & Behavioral Science	12 hours
Military Science	4 hours (12 for ECP)
Total	45 hours

Mastery of the following General Education course competencies are an integral part of succeeding in the AA and AS programs at MMI:

Communication

Competency 1.1. Students will create and deliver coherent, grammatically correct oral presentations.

Competency 1.2 Students will create coherent, grammatically correct written responses to prompts and questions.

Quantitative Reasoning

Competency 2.1 Students will demonstrate the ability to understand quantitative information in graphs and tables.

Competency 2.2. Students will demonstrate the ability to interpret quantitative information and draw appropriate inferences.

Competency 2.3 Students will demonstrate the ability to solve problems using mathematical, scientific, and statistical processes.

Competency 2.4 Students will demonstrate the ability to communicate quantitative information—verbally, graphically, numerically.

Critical Thinking

Competency 3.1. Students will demonstrate the ability to discriminate among degrees of strengths and weaknesses of inferences drawn from data

Competency 3.2. Students will demonstrate the ability to recognize unstated assumptions or presuppositions in given statements or assertions

Competency 3.3. Students will demonstrate the ability to weigh evidence and decide if generalizations or conclusions based on given data are warranted

Competency 3.4. Students will demonstrate the ability to distinguish between pertinent and irrelevant information.

Global Awareness

Competency 4.1. Students will demonstrate knowledge of linguistic and cultural diversity and contributions of diversity to society.

Use of Technology

Competency 5.1. Students will gather and correctly process information through appropriate use of technology.

Competency 5.2. Students will demonstrate the ability to use technologies to communicate information to others.

Whole-Person Development

Competency 6.1. Students will evaluate the importance of physical fitness and its correlation to mental and emotional health.

Competency 6.2. Students will demonstrate leadership skills in classroom and extracurricular activities.

• Cadets should consult with an advisor and refer to the Statewide Transfer and Articulation Reporting System (STARS) at <http://stars.troy.edu/> and additionally the degree requirements of the intended transfer institution to select appropriate courses for AREA V.

ASSOCIATE IN ARTS DEGREE

The Associate in Arts degree program is intended to meet the needs of students who plan to transfer to a senior institution and pursue a course of study in a liberal arts area. This is a planned university-parallel program designed to meet the requirements of the first two years of a Bachelor of Arts degree. The primary purpose of the associate in arts degree is to serve as a curriculum for individuals intending to transfer to a four-year college or university to pursue a bachelor's degree in fine arts, humanities, law, foreign language, social sciences, and education related disciplines. Secondly it serves as a General Studies curriculum for students who are interested in a liberal arts baccalaureate education but have not yet made a firm decision with respect to their baccalaureate major. **Area V requirements vary with individual four-year institutions;** thus, students must obtain an approved university parallel plan from (STARS) for transfer to an Alabama public 4-year institution; or if the transfer is planned for another institution, students should obtain a copy of that institution's program requirements to assist in planning their courses to be taken at Marion Military Institute.

Semester Hour (SH) Distribution Requirements by Academic Area¹ SH

AREA I: Written Communication (6)
Must Complete Written Composition I and II (ENG 101 and ENG 102)

AREA II: Humanities and Fine Arts (12)
Must complete 3 semester hours in Literature²
Must complete 3 semester hours in the Arts (ART 100, 203 or 204)
Must complete 6 additional semester hours in humanities

AREA III: Natural Sciences and Math (11)
Must complete 3 semester hours in Mathematics at the Pre-calculus Algebra, Finite Math, or Elementary Statistics level
Must complete 8 semester hours in the Natural Sciences which must include laboratory experiences

AREA IV: History, Social, and Behavioral Sciences (12)
Must complete 3 semester hours in History²
Must complete at least 9 semester hours from among other disciplines in the Social and Behavioral Sciences

AREA V: Pre-Professional, Major, and Electives (23)
Must complete additional Associate in Arts Degree courses appropriate to the degree requirements and the intended baccalaureate major of the individual student³

Credit Hour Total in Areas I-V of the AA Program (64)

ASSOCIATE IN SCIENCE DEGREE

The Associate in Science degree program is intended to meet the needs of students who plan to transfer to a senior institution and pursue a course of study in a general field or a specialized professional field. This is a planned university-parallel program designed to meet the requirements of the first two years of a Bachelor of Arts degree. The primary purpose of the associate in science degree is to serve as a curriculum for individuals intending to transfer to a four-year college or university to pursue a bachelor's degree in the natural sciences, computer sciences, architecture, engineering, mathematics, nursing, pharmacy, forestry, pre-medicine and pre-dentistry. **Area V requirements vary with individual four-year institutions;** thus, students must obtain an approved university parallel plan from (STARS) for transfer to an Alabama public 4-year institution; or if the transfer is planned for another institution, students should obtain a copy of that institution's program requirements to assist in planning their courses to be taken at Marion Military Institute.

Semester Hour (SH) Distribution Requirements by Academic Area¹ SH

AREA I: Written Communication (6)
Must Complete Written Composition I and II (ENG 101 and ENG 102)

AREA II: Humanities and Fine Arts (12)
Must complete 3 semester hours in Literature²
Must complete 3 semester hours in the Arts
Must complete 6 additional semester hours in humanities

AREA III: Natural Sciences and Math (11)
Must complete 3 semester hours in Mathematics at the Pre-calculus Algebra, Finite Math or Elementary Statistics level
Must complete 8 semester hours in the Natural Sciences which must include laboratory experiences

AREA IV: History, Social, and Behavioral Sciences (12)
Must complete 3 semester hours in History²
Must complete at least 9 semester hours from among other disciplines in the Social and Behavioral Sciences

AREA V: Pre-Professional, Major, and Electives (23)
Must complete additional Associate in Science Degree courses appropriate to the degree requirements and the intended baccalaureate major of the individual student³

Credit Hour Total in Areas I-V of the AS Program (64)

¹Requirements in one area do not satisfy or substitute for requirements in another area.

²Students must complete a six semester hour sequence either in literature or history. The sequence in Area II in literature, or Area IV in history should be determined by the requirements of the student's intended major and transfer plans. (Requirements will vary according to transfer institutions. Students should consult catalog or website of the specific transfer institution to determine the specific courses within each Area. In the event that a question cannot be readily answered, the STARS guide should always take precedence for Alabama State Institution transfer.)

³Respective programs of study for bachelor's degrees at Alabama public universities range from 120 to 128 semester credit hours in length. Dependent upon the total hours allocated for the bachelor's degree, institutions in The Alabama College System are only authorized to provide (i.e., transfer) fifty (50) percent of that total (60-64).

MMI Course Descriptions

NOTE: Each course listed may not be offered each semester or each academic year. Course offerings are subject to modification, revocation, and/or additions as deemed necessary by the MMI faculty and administration.

AFS 104 Leadership Laboratory (1 Credit hour – Area V) This course is a dynamic and integrated grouping of leadership development activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Provides an introduction to the military profession, including applications in leadership, drill and ceremony, customs and courtesies and communication service. Co-requisite: AFS 110

AFS 106 Leadership Laboratory (1 Credit hour – Area V) This course is a dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and compliment the AFROTC academic program. Provides an introduction to the military profession, including applications in leadership, drill and ceremony, customs and courtesies and communication service. Co-requisite: AFS 112

AFS 110 Foundations of the USAF (1 Credit hour – Area V) This is a survey course designed to introduce students to the United States Air Force and provide an overview of the basic characteristics, missions, and organization of the Air Force. Featured topics include: overview of ROTC, special programs offered through ROTC, mission and organization of the Air Force, brief history of the Air Force, introduction to leadership and leadership related issues, Air Force Core Values, Air Force officer opportunities, and an introduction to communication studies. AFS 104 Leadership Laboratory is mandatory for AFROTC cadets and complements this course by providing cadets with followership experiences. Co-requisite: AFS 104

AFS 112 Foundations of the USAF (1 Credit hour – Area V) The Foundations of United States Air Force is a survey course designed to introduce students to the United States Air Force and provides an overview of the basic characteristics, missions, and organizations of the Air Force. Featured topics include: overview of ROTC, special programs offered through ROTC, mission and organization of the Air Force, brief history of the Air Force, introduction to leadership and leadership related issues, Air Force Core Values, Air Force officer opportunities, and an introduction to communication studies. Leadership Laboratory is mandatory for AFROTC cadets and complements this course by providing cadets with followership experiences. Co-requisite: AFS 106

AFS 231 Leadership Laboratory (1 Credit hour – Area V) Leadership Laboratory (LLAB) is a dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Provides an introduction to the military profession, including applications in leadership, drill and ceremony, customs and courtesies and communication service. Co-requisite: AFS 233

AFS 233 Evolution of US Air Power (1 Credit hour – Area V) A course designed to examine general aspects of air power from a historical perspective. The course covers the period from the first balloons and dirigibles to the space-age systems of the Global War on Terror. Historical examples are provided to show the development of Air Force core functions to demonstrate the evolution of what has become today's USAF. Furthermore, the course examines several fundamental truths associated with war in the third dimension, e.g., principles of war and tenets of air power. As a whole, this course

provides the students with a knowledge-level understanding for the general employment of air power, from an institutional, doctrinal, and historical perspective. Students will complete several writing and briefing assignments to meet Air Force communication skills requirements. Leadership Laboratory is mandatory for AFROTC cadets and complements this course by providing cadets with followership experiences. Co-requisite: AFS 231

AFS 241 Leadership Laboratory (1 Credit hour – Area V) Leadership Laboratory (LLAB) is a dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Provides an introduction to the military profession, including applications in leadership, drill and ceremony, customs and courtesies and communication service. Co-requisite: AFS 243

AFS 243 Evolution of US Air Power (1 Credit hour – Area V) A course designed to examine general aspects of air power from a historical perspective. The course covers the period from the first balloons and dirigibles to the space-age systems of the Global War on Terror. Historical examples are provided to show the development of Air Force core functions to demonstrate the evolution of what has become today's USAF. Furthermore, the course examines several fundamental truths associated with war in the third dimension, e.g., principles of war and tenets of air power. As a whole, this course provides the students with a knowledge-level understanding for the general employment of air power, from an institutional, doctrinal, and historical perspective. Students will complete several writing and briefing assignments to meet Air Force communication skills requirements. Leadership Laboratory is mandatory for AFROTC cadets and complements this course by providing cadets with followership experiences. Co-requisite: AFS 241

ART 100 Art Appreciation (3 Credit hours – Area II) This course is designed to help the student find personal meaning in works of art and develop a better understanding of the nature and validity of art. Emphasis is on the delivery of form and content in original artwork. Upon completion, students should understand the fundamentals of art and materials used and have a basic overview of the history of art.

ART 113 Drawing I (3 Credit hours – Area II) This course provides the opportunity to develop perceptual and technical skills in a variety of media. Emphasis is placed on communication through experimenting with composition, subject matter and technique. Upon completion, students should demonstrate and apply the fundamentals of art to various creative drawing projects.

ART 114 Drawing II (3 Credit hours – Area II) This course advances the students drawing skills in various art media. Emphasis is placed on communication through experimentation, composition, technique and personal expression. Upon completion, students should demonstrate creative drawing skills, the application of the fundamentals of art, and the communication of personal thoughts and feelings. Prerequisite: ART 113

ART 203 Art History I (3 Credit hours – Area II) This course covers the chronological development of different forms of art, such as sculpture, painting, and architecture. Emphasis is placed on history from the ancient period through the Renaissance. Upon completion, students should be able to communicate a knowledge of time period and chronological sequence including a knowledge of themes, styles and of the impact of society on the arts.

ART 204 Art History II (3 Credit hours – Area II) This course covers a study of the chronological development of different forms of art, such as sculpture, painting and architecture. Emphasis is placed on history from the Baroque to the present. Upon completion, students should be able to communicate a knowledge of time period and chronological sequence including a knowledge of themes, styles and of the impact of society on the arts.

BIO 103 Principles of Biology I (4 Credit hours – Area III) This is an introductory course for science and non-science majors. It covers physical, chemical, and biological principles common to all organisms. These principles are explained through a study of cell structure and function, cellular reproduction, basic biochemistry, cell energetics, the process of photosynthesis, and Mendelian and molecular genetics. Also included are the scientific method, basic principles of evolution, and an overview of the diversity of life with emphasis on viruses, prokaryotes, and protist. A laboratory is required.

BIO 104 Principles of Biology II (4 Credit hours – Area III) This course is an introduction to the basic ecological and evolutionary relationships of plants and animals and a survey of plant and animal diversity including classification, morphology, physiology, and reproduction. A laboratory is required. Prerequisite: BIO 103

BIO 201 Human Anatomy and Physiology I (4 Credit hours – Area III) This course covers the structure and function of the human body. Included is an orientation of the human body, basic principles of chemistry, a study of cells and tissues, metabolism, joints, the integumentary, skeletal, muscular, and nervous system, and the senses. Dissection, histological studies, physiology are featured in the laboratory experience. A laboratory is required. Prerequisite: BIO 103

BIO 202 Human Anatomy and Physiology II (4 Credit hours – Area III) This course covers the structure and function of the human body. Included is a study of basic nutrition, basic principles of water, electrolyte, and acid-base balance, the endocrine, respiratory, digestive, excretory, cardiovascular, lymphatic and reproductive systems. Dissection, histological studies, and physiology are featured in the laboratory experience. A laboratory is required. Prerequisite: BIO 103 and "C" in BIO 201

BIO 220 General Microbiology (4 Credit Hours – Area III) This course includes historical perspectives, cell structure and function, microbial genetics, infectious diseases, immunology, distribution, physiology, culture, identification, classification, and disease control of microorganisms. The laboratory experience includes micro-techniques, distribution, culture, identification, and control. A laboratory is required. Prerequisite: BIO 103

BUS 100 Introduction to Business (3 Credit hours – Area IV) This is a survey course designed to acquaint the student with American business as a dynamic process in a global setting. Topics include the private enterprise system, forms of business ownership, marketing, factors of production, personnel, labor, finance, and taxation.

BUS 146 Personal Finance (3 Credit hours – Area IV) This course is a survey of topics of interest to the consumer. Topics include budgeting, financial institutions, basic income tax, credit, consumer protection, insurance, house purchases, retirement planning, estate planning, investing, and consumer purchases.

BUS 186 Elements of Supervision (3 Credit hours – Area IV) This course is an introduction to the fundamental roles, skills and functions of supervisors. Topics include planning, organizing, staffing, directing, motivating and controlling individual employees and teams with emphasis on practical business applications.

BUS 241 Principles of Accounting I (3 Credit hours – Area IV) This course is designed to provide a basic theory of accounting principles and practices used by service and merchandising enterprises. Emphasis is placed on financial accounting, including the accounting cycle and financial statements. Prerequisite: Co-requisite or completion of MTH110 or higher.

BUS 242 Principles of Accounting II (3 Credit hours – Area IV) This course is a continuation of BUS 241. In addition to a study of financial accounting, this course covers topics in managerial accounting, corporations, and financial statement analysis. PREREQUISITE: BUS 241

BUS 263 The Legal and Social Environment of Business (3 Credit hours – Area IV) This course provides an overview of the legal and social environment for business operations with emphasis on contemporary issues and their subsequent impact on business. Topics include the Constitution, the Bill of Rights, the legislative process, civil and criminal law, administrative agencies, trade regulations, consumer protection, contracts, employment and personal property.

BUS 275 Principles of Business Management (3 Credit hours – Area IV) This course provides a basic study of the principles of management. Topics include the functions and responsibilities of managers, management-employee relations, organizational structure, functional business operation concepts, project management, and management evaluation and measurements. Prerequisite: BUS 186

BUS 285 Principles of Marketing (3 Credit hours – Area IV) This course provides a general overview of the field of marketing. Topics include marketing strategies, channels of distribution, marketing research, and consumer behavior. Prerequisite: BUS 100.

CHM 104 Introduction to Inorganic Chemistry (4 credit hours – Area III) This is a survey course of general chemistry for students who do not intend to major in science or engineering and may not be substituted for CHM 111. Lecture will emphasize the facts, principles, and theories of general chemistry including math operations, matter and energy, atomic structure, symbols and formulas, nomenclature, the periodic table, bonding concepts, equations, reactions, stoichiometry, gas laws, phases of matter, solutions, pH, and equilibrium reactions. Laboratory is required. Prerequisite: MTH 098 with a grade of C or higher; or Equivalent Math Placement Score.

CHM 105 Introduction to Organic Chemistry (4 credit hours – Area III) This is a survey course of organic chemistry and biochemistry for students who do not intend to major in science or engineering. Topics will include basic nomenclature, classification of organic compounds, typical organic reactions, reactions involved in life processes, function of biomolecules, and the handling and disposal of organic compounds. A laboratory is required. Prerequisite: CHM 104

CHM 111 College Chemistry I (4 Credit hours – Area III) This is the first course in a two-semester sequence designed for the science or engineering major who is expected to have a strong background in mathematics. Topics in this course include measurement, nomenclature, stoichiometry, atomic structure, equations and reactions, basic concepts of thermochemistry, chemical and physical properties, bonding, molecular structure, gas laws, kinetic-molecular theory, condensed matter, solutions, colloids, and some descriptive chemistry topics. A laboratory is required. Prerequisite: ACT Math Score of 22 or above (or SAT equivalent).

CHM 112 College Chemistry II (4 Credit hours - Area III) This is the second course in a two-semester sequence designed primarily for the science and engineering student who is expected to have a strong background in mathematics. Topics in this course include chemical kinetics, chemical equilibria, acids and bases, ionic equilibria of weak electrolytes, solubility product principle, chemical thermodynamics, electrochemistry, oxidation-reduction, nuclear chemistry, an introduction to organic chemistry and biochemistry, atmospheric chemistry, and selected topics in descriptive chemistry including the metals, nonmetals, semi-metals, coordination compounds, transition compounds, and post-transition compounds. A laboratory is required. Prerequisite: CHM 111

CHM 221 Organic Chemistry I (4 Credit hours – Area III) This is the first course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, and aromatic compounds with special emphasis on reaction mechanisms, spectroscopy, and stereochemistry. A laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques. Prerequisite: CHM 112

CHM 222 Organic Chemistry II (4 Credit hours – Area III) This is the second course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, aromatic, and biological compounds, polymers and their derivatives, with special emphasis on reaction mechanisms, spectroscopy, and stereochemistry. A laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques. Prerequisite: CHM 221

CIS 146 Microcomputer Applications (3 Credit hours – Area IV) This course is an introduction to computer software applications, including word processing, spreadsheets, database management, and presentation software. This course will introduce students to concepts associated with professional certifications.

CIS 147 Advanced Micro Applications (3 Credit Hours – Area IV) This course is a continuation of CIS 146 in which students utilize the advanced features of topics covered in CIS 146. Advanced functions and integration of word processing, spreadsheets, database and presentation packages among other topics are generally incorporated into the course and are to be applied to situations found in society and business. Upon completion, the student should be able to apply the advanced features of selected software appropriately to typical problems found in society and business. Prerequisite: CIS 146.

CIS 150 Introduction to Computer Logic and Programming (3 Credit Hours – Area IV) This course includes logic, design and problem solving techniques used by programmers and analysts in addressing and solving common programming and computing problems. The most commonly used techniques of flowcharts, structure charts, and pseudocode will be covered and students will be expected to apply the techniques to designated situations and problems. Prerequisite: CIS 146

CIS 161 Introduction to Networking Communications (3 Credit hours-Area IV) This course is designed to introduce students to basic concepts of computer networks. Emphasis is placed on terminology and technology involved in implementing selected networked systems. The course covers various network models, topologies, communications protocols, transmission media, networking hardware and software, and network troubleshooting. Students gain hands-on experience in basic networking. This course further helps prepare students for certification.

CRJ 100 Introduction to the Criminal Justice System (3 Credit hours – Area IV) This course surveys the entire criminal justice process from law enforcement to the administration of justice through corrections. It discusses the history and philosophy of the system and introduces various career opportunities. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

CRJ 110 Introduction to Law Enforcement (3 credit hours – Area IV) This course examines the history and philosophy of law enforcement, as well as the organization and jurisdiction of local state, and federal agencies. It includes the duties and functions of law enforcement officers. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

CRJ 130 Introduction to Law and Judicial Process (3 Credit hours – Area IV) This course provides an introduction to the basic elements of substantive and procedural law, and the stages in the process. It includes an overview of state and federal court structure. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

CRJ 140 Criminal Law and Procedure (3 Credit hours – Area IV) This course examines both substantive and procedural law. The legal elements of various crimes are discussed, with emphasis placed on the contents of the Alabama Code. Areas of criminal procedure essential to the criminal justice profession are also covered. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

CRJ 146 Criminal Evidence (3 Credit hours – Area IV) This course considers the origins of the law of evidence and current rules of evidence. Types of evidence, their definitions and uses are covered, as well as the functions of the court regarding evidence. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

CRJ 147 Constitutional Law (3 Credit hours – Area IV) This course involves constitutional law as it applies to criminal justice. It includes recent Supreme Court decisions affecting criminal justice professionals, such as right to counsel, search and seizure, due process and civil rights. ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

ECO 231 Principles of Macroeconomics (3 Credit hours – Area IV) This course is an introduction to macroeconomics theory, analysis, and policy applications. Topics include the following: scarcity, demand and supply, national income analysis, major economic theories concerning monetary and fiscal policies as stabilization measures, the banking system, and other economic issues or problems including international trade.

ECO 232 Principles of Microeconomics (3 Credit hours – Area IV) This course is an introduction of the microeconomic theory, analysis, and applications. Topics include scarcity; the theories of consumer behavior, production and cost, markets, output and resource pricing, and international aspects of microeconomics.

ENR 098 Writing and Reading for College (4 Credit hours - Developmental) This course integrates reading and writing skills students need to comprehend and interact with college-level texts and to produce original college-level writing. Reading skills will center on processes for literal and critical comprehension, as well as the development of vocabulary skills. Writing skills will focus on using an effective writing process including generating ideas, drafting, organizing, revising and editing to produce competent essays using standard written English. This course may include a one-hour lab component. This course does not meet the English General Education Requirement.

ENG 099 Introduction to College Writing (1 Credit hours – Developmental) Prerequisite: Appropriate placement score. Corequisite: ENG 101. This course places emphasis on providing students with additional academic and noncognitive support with the goal of success in the students' paired ENG 101 class. The material covered or practiced in the ENG 099 course is complimentary to and supportive of material taught in ENG 101 and the needs of the ENG 099 student.

ENG 101 Freshman Composition I (3 Credit hours – Area I) This course provides instruction and practice in the writing of at least four extended compositions and the development of rhetorical strategies, analytical and critical reading skills, and basic reference and documentation skills in the composition process. English Composition I may include instruction and practice in library usage and information literacy. English Composition I may include instruction and practice in library usage. Prerequisite: ENR 098 with a grade of C or higher or ACT English Score of 18 or above (or SAT equivalent); or Equivalent English Placement Score.

ENG 102 Freshman Composition II (3 Credit hours – Area I) English Composition II provides continued instruction and practice in the writing of at least four extended compositions of which at least one is a research project using outside sources and/or references effectively and legally. Additionally, English Composition II provides instruction

in the development of analytical and critical reading skills in the composition process. English Composition II includes instruction and practice in library usage and information literacy. English Composition II may include instruction and practice in library usage. Prerequisite: ENG 101 with a grade of C or higher.

ENG 251 American Literature I (3 Credit hours – Area II) This course is a survey of American literature from its beginnings to the mid-nineteenth century. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research. Prerequisite: ENG 102

ENG 252 American Literature II (3 Credit hours – Area II) This course is a survey of American literature from the mid-nineteenth century to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research. Prerequisite: ENG 102

ENG 261 English Literature I (3 Credit Hours – Area II) This course is a survey of English literature from the Anglo-Saxon period to the Romantic Age. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research. Prerequisite: ENG 102

ENG 262 English Literature II (3 Credit Hours – Area - II) This course is a survey of English literature from the Romantic Age to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research. Prerequisite: ENG 102

ENG 271 World Literature I (3 Credit hours – Area II) This course is a study of selected literary masterpieces from Homer to the Renaissance. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research. Prerequisite: ENG 102

ENG 272 World Literature II (3 Credit hours – Area II) This course is a study of selected literary masterpieces from Renaissance to the present. Emphasis is placed on major representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and

understand relevant criticism and research. Prerequisite: ENG 102

HIS 121 World History I (3 Credit hours – Area IV) This course surveys social, intellectual, economic, and political developments which have molded the modern world. Focus is on both non-western and western civilizations from the prehistoric to the early modern era. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

HIS 122 World History II (3 Credit hours – Area IV) This course is a continuation of HIS 121. It covers world history, both western and non-western, from the early modern era to the present. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

HIS 201 United States History I (3 Credit hours – Area IV) This course surveys United States history during colonial, Revolutionary, early national and antebellum periods. It concludes with the Civil War and Reconstruction. A research paper using library resources is required. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

HIS 202 United States History II (3 Credit hours – Area IV) This course is a continuation of HIS 201. It surveys United States history from the Reconstruction era to the present. A Research Paper using primary sources is required. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

HIS 210 U.S. Military History (3 Credit hours – Area IV) This course, required for MSC IV cadets, is a survey of United States Army history from colonial to modern times. It provides an understanding of the evolution of warfare with an emphasis on leadership, tactics, and technology. Prerequisite: Completion of ENG 101 with a grade of C or higher.

HIS 299 Special Topics in History (3 Credit Hours – Area IV) A course featuring an in-depth examination of selected topics in history. Prerequisite: Permission of the Instructor.

HUM 101 Introduction to Humanities I (3 Credit hours – Area II) This is the first course in a two-semester sequence which offers the student an introduction to the humanities using selections from art, music, literature, history, and philosophy which relates to a unifying theme.

HUM 102 Introduction to Humanities II (3 Credit hours – Area II) This course is a continuation of HUM 101.

MSC 106 and MSC 108 Military Science I (1 Credit Hour Each – Area V) These courses serve as an introduction to drill and ceremonies, inspections, customs and traditions of the service.

MSC 120 and MSC 122 Military Science II (1 Credit Hour Each – Area V) A study of preventive medicine and first aid, marksmanship, water survival, rappelling, written and oral communications, leadership and related military topics.

MSC 110 Physical Training (1 Credit Hour – Area V) This course involves instruction on the Army Physical Fitness Program.

MSC 201 and MSC 202 Military Science III (3 Credit hours Each – Area V) These courses provide preparation for service in the United States Army as commissioned officers. Specific skills are taught in preparation for Army ROTC Advanced Camp where cadets are evaluated on their leadership skills in a tough six-week period of rigorous officer training. Topics includes basic leadership skills, drill and ceremonies, map reading/ land navigation, marksmanship, rappelling, radio and wire communications, basic small unit tactics, water survival, and weekend field training exercises. Leadership laboratory and physical fitness training is required. Prerequisite: Enrollment in the Early Commissioning Program.

MSC 241 and MSC 242 Military Science IV (3 Credit hours Each – Area V) These courses continue preparation for service as an officer in the United States Army. Topics include written and oral communication, counseling and related leadership tasks, training management, general military subjects, ethics and professionalism, military justice, marksmanship, water survival, rappelling, and field training exercises. Leadership laboratory and physical fitness training are required. These courses are identical to MS 401 and 402 courses taught at four-year universities. Prerequisite: Enrollment in the Early Commissioning Program and successful completion of Military Science III.

MTH 098 Elementary Algebra (4 Credit hours - Developmental) This course is a review of the fundamental arithmetic and algebra operations. The topics include the numbers of ordinary arithmetic and their properties; integers and rational numbers; the solving of equations; polynomials and factoring; and an introduction to systems of equations and graphs. The class meets 4 periods per week for one semester and includes a laboratory session. This course does not meet the Mathematics General Education Requirement. Prerequisite: Appropriate Accuplacer placement score.

MTH 099 Support for Intermediate College Algebra (1 Credit hour - Developmental) This Learning Support course provides corequisite support in mathematics for students enrolled in MTH 100. The material covered in this course is parallel to and supportive of the material taught in MTH 100. Emphasis is placed on providing students with additional academic and noncognitive support with the goal of success in the students' paired MTH 100 class. This course does not apply toward the general core requirement for mathematics. Prerequisite: Qualifying ACT mathematics score (SAT equivalent); Appropriate mathematics ACCUPLACER score; or successful completion of MTH 098 Elementary Algebra. Corequisite: MTH 100 Intermediate College Algebra. Prerequisite: appropriate mathematics Accuplacer placement score or MTH 098 (note: MTH0 99 is required for students completing MTH 098).

MTH 100 Intermediate Algebra (3 Credit hours – Area V) This course provides a study of algebraic techniques such as linear equations and inequalities, quadratic equations, systems of equations, and operations with exponents and radicals. Functions and relations are introduced and graphed with special emphasis on linear and quadratic functions. This course does not meet the Mathematics General Education Requirement. Prerequisite: MTH 098 with a grade of C or higher or Math ACT Score of 17-21 or appropriate placement

score. Prerequisite: appropriate mathematics Accuplacer placement score or MTH 098 (note: MTH 099 is required for students completing MTH 098).

MTH 109 Support for Finite Mathematics (1 Credit hour – Area - V) This Learning Support course provides co-requisite support in mathematics for students enrolled in MTH 110. The material covered in this course is parallel to and supportive of the material taught in MTH 110. Emphasis is placed on providing students with additional academic and noncognitive support with the goal of success in the students' paired MTH 110 class. This course does not apply toward the general core requirement for mathematics. Prerequisite: Appropriate mathematics ACT score; appropriate mathematics placement score; or successful completion of MTH 098 Elementary Algebra. (note: MTH 109 is required for students moving directly from MTH 098 to MTH 110) Corequisite: MTH 110 Finite Mathematics

MTH 110 Finite Mathematics (3 Credit Hours – Area III) This course is intended to give an overview of topics in finite mathematics together with their applications, and is taken primarily by students who are not majoring in science, engineering, commerce or mathematics (i.e., students who are not required to take Calculus). This course will draw on and significantly enhance the student's arithmetic and algebraic skills. The course includes sets, counting, permutations, combinations, basic probability (including Baye's Theorem), and introduction to statistics (including work with Binomial Distributions and Normal Distributions), matrices and their application to Markov chains and decision theory. Additional topics may include symbolic logic, linear models, linear programming, the simplex method and applications. Prerequisite: MTH 098 with a grade of C or higher; Math ACT score of 18, or appropriate placement score. (note: MTH 109 is required for students moving directly from MTH 098 to MTH 110)

MTH 111 Support for Precalculus Algebra (1 Credit hour – Area - V) This Learning Support course provides co-requisite support in mathematics for students enrolled in MTH 112. The material covered in this course is parallel to and supportive of the material taught in MTH 112. Emphasis is placed on providing students with additional academic and noncognitive support with the goal of success in the students' paired MTH 112 class. This course does not apply toward the general core requirements for mathematics. Prerequisite: appropriate mathematics placement score or successful completion of MTH 100 Intermediate Algebra. Corequisite: MTH 112 Precalculus Algebra

MTH 112 Algebra for Calculus (3 Credit hours – Area III) This course emphasizes algebraic functions - including polynomial, rational, exponential, and logarithmic functions. The course also covers systems of equations and inequalities, quadratic inequalities, and the binomial theorem. Additional topics may include matrices, Cramer's Rule, and mathematical induction. Prerequisite: MTH 100 with a grade of C or higher; or appropriate mathematics placement score. Additionally, student must have completed Algebra I, Geometry, and Algebra II in high school.

MTH 113 Trigonometry for Calculus (3 Credit hours – Area III) This course includes the study of trigonometric (circular functions) and inverse trigonometric functions, and includes extensive work with trigonometric identities and trigonometric equations. The course also covers vectors, complex numbers, DeMoivre's Theorem, and polar coordinates. Additional topics may include conic sections, sequences, and using matrices to solve linear systems. Prerequisite: MTH 112 with a grade of C or higher; or appropriate mathematics placement

score and Student must have completed Algebra I, Geometry, and Algebra II in high school.

MTH 115 Precalculus Algebra and Trigonometry (4 Credit hours – Area III) This course is a one-semester combination of Precalculus Algebra and Precalculus Trigonometry and covers the following topics: the algebra of functions (including polynomial, rational, exponential, and logarithmic functions), systems of equations and inequalities, quadratic inequalities, and the binomial theorem, as well as the study of trigonometric (circular functions) and inverse trigonometric functions, and includes extensive work with trigonometric identities and trigonometric equations, vectors, complex numbers, DeMoivre's Theorem, and polar coordinates. Prerequisite: A grade of C or higher in MTH 100 and permission of the department chairperson. Student must have completed Algebra I, Geometry, and Algebra II in high school.

MTH 120 Calculus and Its Applications (3 Credit hours – Area III) This course is intended to give a broad overview of calculus. It includes limits, differentiation, and integration of algebraic, exponential, logarithmic, and multi-variable functions with applications to business, economics, and other disciplines. This course may also include LaGrange multipliers, extrema of functions of two variables, method of least squares, linear approximation, and linear programming. Prerequisite: Grade of C or higher in MTH 112, 113, or 115 or appropriate placement score.

MTH 125 Calculus I (4 Credit hours – Area III) This is the first of three courses in the basic calculus sequence taken primarily by students in science, engineering, and mathematics. Topics include the limit of a function; the derivative of algebraic, trigonometric, exponential, and logarithmic functions; and the definite integral and its basic applications to area problems. Applications of the derivative are covered in detail, including approximations of error using differentials, maximum and minimum problems, and curve sketching using calculus. Prerequisite: MTH 113 or MTH 115 with a grade of C or higher; appropriate math placement score; or appropriate ACT math score (SAT equivalent). Student must have completed Algebra I, Geometry, Algebra II, and Precalculus in high school.

MTH 126 Calculus II (4 Credit hours – Area III) This is the second of three courses in the basic calculus sequence. Topics include vectors in the plane and in space, lines and planes in space, applications of integration (such as volume, arc length, work and average value), techniques of integration, infinite series, polar coordinates, and parametric equations. Prerequisite: MTH 125 with a grade of C or higher or appropriate math placement score.

MTH 265 Elementary Statistics (3 Credit hours – Area III) This course provides an introduction to methods of statistics, including the following topics: sampling, frequency distributions, measures of central tendency, graphic representation, reliability, hypothesis testing, confidence intervals, analysis, regression, estimation, and applications. Probability, permutations, combinations, binomial theorem, random variables, and distributions may be included. Prerequisite: Appropriate mathematics ACT score (SAT equivalent); appropriate mathematics placement score; or successful completion of MTH 100 Intermediate Algebra.

MUL 180 – 181; 280 – 281 Chorus I, II, III, IV (1 Credit Hour Each – Area II) This course provides an opportunity for students to participate in the MMI Chorus. Emphasis is placed on rehearsing and performing literature appropriate to the mission and goals of the

group. Upon completion, students should be able to effectively participate in performances presented by the ensemble.

MUL 198 – 199; 298 – 299; Marching Band I, II, III, IV (2 Credit Hours Each – Area II) This course provides an opportunity for students to participate in the MMI Marching Band. Emphasis is placed on rehearsing and performing literature appropriate to the mission and goals of the group. Upon completion, students should be able to effectively participate in performances presented by the ensemble.

MUL 192 – 93; 292 – 93; Instrumental Ensemble I, II, III, IV (1 Credit Hour Each – Area II) This course provides an opportunity for students to participate in the MMI Instrumental Ensemble. Emphasis is placed on rehearsing and performing literature appropriate to the mission and goals of the group. Upon completion, students should be able to effectively participate in performances presented by the ensemble.

MUS 101 Music Appreciation (3 Credit hours – Area II) This course is designed for non-music majors and requires no previous musical experience. It is a survey course that incorporates several modes of instruction including lecture, guided listening, and similar experiences involving music. The course will cover a minimum of three (3) stylistic periods, provide a multi-cultural perspective, and include both vocal and instrumental genres. Upon completion, students should be able to demonstrate a knowledge of music fundamentals, the aesthetic/stylistic characteristics of historical periods, and an aural perception of style and structure in music.

ORI 101 Orientation to College (1 Credit Hour – Area V) This course aids new students in their transition to the institution; exposes new students to broad educational opportunities of the institution; and integrates new students into the life of the institution.

ORI 108 Master Student (1 Credit Hour – Area V) This course is designed to promote critical thinking about leadership and provides learning communities of first-year students the opportunity to develop practical knowledge and skills toward a successful college experience, both academically and personally. Topics include conflict resolution, time management, goal-setting, improving listening skills, career planning, problem-solving and decision-making, among others. Prerequisite: Permission of Instructor.

PED 105 Personal Fitness (1 Credit Hour – Area V) This course is designed to provide the student with information allowing him/her to participate in a personally developed fitness program. Topics include cardiovascular, strength, muscular endurance, flexibility and body composition.

PED 248 Varsity Basketball I (1 Credit Hour - Area V) This course covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in competitive basketball. Prerequisite: Permission of Instructor.

PED 249 Varsity Basketball II (1 Credit Hour – Area V) This course covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive basketball. Prerequisite: Permission of Instructor.

PED 250 Varsity Basketball III (1 Credit Hour – Area V) This course

covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive basketball. Prerequisite: Permission of Instructor.

PED 251 Varsity Basketball IV (1 Credit Hour – Area V) This course covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive basketball. Prerequisite: Permission of Instructor.

PED 252 Varsity Baseball I (1 Credit Hour – Area V) This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play baseball at a competitive level. Prerequisite: Permission of Instructor.

PED 254 Varsity Softball I (1 Credit Hour – Area V) This course introduces the fundamental skills and rules of softball. Emphasis is placed on proper techniques and strategies for playing softball. Upon completion, students should be able to play competitive softball. Prerequisite: Permission of Instructor.

PED 255 Varsity Tennis I (1 Credit Hour – Area V) This course emphasizes the refinement of playing skills. Topics include continuing the development of fundamentals, learning advanced serves, and strokes and pace and strategies in singles and doubles play. Upon completion, students should be able to play competitive tennis. Prerequisite: Permission of Instructor.

PED 256 Varsity Track I (1 Credit Hour - Area V) This course covers more advanced track and field techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to participate in competitive track and field events. Prerequisite: Permission of Instructor.

PED 259 Varsity Cross Country I (1 Credit Hour- Area V) This course covers more advanced cross country techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to participate in competitive cross country. Prerequisite: Permission of Instructor.

PED 261 Varsity Baseball II (1 Credit Hour – Area V) This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play baseball at a competitive level. Prerequisite: Permission of Instructor.

PED 262 Varsity Baseball III (1 Credit Hour – Area V) This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play baseball at a competitive level. Prerequisite: Permission of Instructor.

PED 263 Varsity Baseball IV (1 Credit Hour – Area V) This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play baseball at a competitive level. Prerequisite: Permission of Instructor.

PED 271 Varsity Softball II (1 Credit Hour – Area V) This course introduces the fundamental skills and rules of softball. Emphasis is placed on proper techniques and strategies for playing softball. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play competitive softball. Prerequisite: Permission of Instructor.

PED 272 Varsity Softball III (1 Credit Hour – Area V) This course introduces the fundamental skills and rules of softball. Emphasis is placed on proper techniques and strategies for playing softball. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play competitive softball. Prerequisite: Permission of Instructor.

PED 273 Varsity Softball IV (1 Credit Hour – Area V) This course introduces the fundamental skills and rules of softball. Emphasis is placed on proper techniques and strategies for playing softball. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play competitive softball. Prerequisite: Permission of Instructor.

PED 274 Varsity Tennis II (1 Credit Hour – Area V) This course emphasizes the refinement of playing skills. Topics include continuing the development of fundamentals, learning advanced serves, and strokes and pace and strategies in singles and doubles play. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play competitive tennis. Prerequisite: Permission of Instructor.

PED 275 Varsity Tennis III (1 Credit Hour – Area V) This course emphasizes the refinement of playing skills. Topics include continuing the development of fundamentals, learning advanced serves, and strokes and pace and strategies in singles and doubles play. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play competitive tennis. Prerequisite: Permission of Instructor.

PED 276 Varsity Tennis IV (1 Credit Hour – Area V) This course emphasizes the refinement of playing skills. Topics include continuing the development of fundamentals, learning advanced serves, and strokes and pace and strategies in singles and doubles play. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play competitive tennis. Prerequisite: Permission of Instructor.

PED 277 Varsity Track II (1 Credit Hour – Area V) This course covers more advanced track and field techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides

additional opportunities to develop skills. Upon completion, students should be able to participate in competitive track and field events.

PED 278 Varsity Track III (1 Credit Hour – Area V) This course covers more advanced track and field techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive track and field events.

PED 279 Varsity Track IV (1 Credit Hour – Area V) This course covers more advanced track and field techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive track and field events.

PED 286 Varsity Cross Country II (1 Credit Hour – Area V) This course covers more advanced cross country techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive cross country. Prerequisite: Permission of Instructor.

PED 287 Varsity Cross Country III (1 Credit Hour – Area V) This course covers more advanced cross country techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive cross country. Prerequisite: Permission of Instructor.

PED 288 Varsity Cross Country IV (1 Credit Hour – Area V) This course covers more advanced cross country techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive cross country. Prerequisite: Permission of Instructor.

PHL 106 Introduction to Philosophy (3 Credit hours – Area II) This course is an introduction to the basic concepts of philosophy. The literary and conceptual approach of the course is balanced with emphasis on approaches to ethical decision making. The student should have an understanding of major philosophical ideas in an historical survey from the early Greeks to the modern era. Prerequisite: ENR 098 with a grade of C or higher or be enrolled in or successfully completed ENG 101.

PHL 206 Ethics and Society (3 Credit hours – Area II) This course involves the study of ethical issues which confront individuals in the course of their daily lives. The focus is on the fundamental questions of right and wrong, human rights, and conflicting obligations. The student should be able to understand and be prepared to make decisions in life regarding ethical issues. Prerequisite: ENG 101

PHL 299 Special Topics in Philosophy (Variable Credit – Area II) Directed Study. A course featuring an in-depth examination of selected topics in philosophy. Prerequisite: Permission of instructor.

PHY 201 General Physics I – Trig Based (4 Credit hours – Area III) This course is designed to cover general physics at a level that assumes

previous exposure to college algebra and basic trigonometry. Specific topics include mechanics, properties of matter and energy, thermodynamics, and periodic motion. A laboratory is required. Prerequisite: Math ACT Score of 20 or above (or SAT equivalent); or Equivalent Placement Score.

PHY 202 General Physics II – Trig Based (4 Credit hours – Area III) This course is designed to cover general physics using college algebra and basic trigonometry. Specific topics include wave motion, sound, light optics, electrostatics, circuits, magnetism, and modern physics. Laboratory is required. Prerequisite: PHY 201.

PHY 213 General Physics with Calculus I (4 Credit hours – Area III) This course provides a calculus-based treatment of the principle subdivisions of classical physics. Topics include mechanics and energy (thermodynamics). Laboratory is required. Prerequisite: Math ACT Score of 30 or above (or SAT equivalent).

PHY 214 General Physics with Calculus II (4 Credit hours – Area III) This course provides a calculus-based study in classical physics. Topics included are simple harmonic motion, waves, sound, light, optics, electricity and magnetism. Laboratory is required. Prerequisite: PHY 213.

PSY 200 General Psychology (3 Credit hours – Area IV) This course is a survey of behavior with emphasis upon psychological processes. This course includes the biological bases for behavior, thinking, emotion, motivation, and the nature and development of personality.

PSY 210 Human Growth and Development (3 Credit hours – Area IV) This course is the study of the psychological, social, and physical factors that affect human behavior from conception to death. Prerequisite: PSY 200.

REL 100 History of World Religions (3 Credit hours - Area II) This course introduces the student to the major world religions, their history and development. The course discusses the worldviews underlying each religion. The impact of world religions on American life and culture receives special emphasis. The course highlights the role of religion in the modern Middle Eastern conflicts.

REL 151 Survey of the Old Testament (3 Credit hours – Area II) This course is an introduction to the content of the Old Testament with emphasis on the historical context and contemporary theological and cultural significance of the Old Testament. The student should have an understanding of the significance of the Old Testament writings upon completion of this course.

REL 152 Survey of the New Testament (3 Credit hours – Area II) This course is a survey of the books of the New Testament with special attention focused on the historical and geographical setting. The student should have an understanding of the books of the New Testament and the cultural and historical events associated with these writings.

SAP 101 ACT/SAT Prep for English (1 Credit Hour – Area V) This course is a tutorial course, designed to assist cadets in boosting ACT/SAT scores in English.

SAP 102 ACT/SAT Prep for Mathematics (1 Credit Hour – Area V) This course is a tutorial course, designed to assist cadets in boosting ACT/SAT scores in mathematics.

SOC 200 Introduction to Sociology (3 Credit hours – Area IV) This course is an introduction to the vocabulary, concepts, and theory of sociological perspectives of human behavior.

SOC 210 Social Problems (3 Credit hours – Area IV) This course examines the social and cultural aspects, influences, incidences, and characteristics of current social problems in light of sociological theory and research. Prerequisite: SOC 200

SPA 101 Introductory Spanish I (4 Credit hours – Area II) This course provides an introduction to Spanish. Topics include the development of basic communication skills and the acquisition of basic knowledge of the cultures of Spanish-speaking areas.

SPA 102 Introductory Spanish II (4 Credit hours – Area II) This continuation course includes the development of basic communication skills and the acquisition of basic knowledge of the cultures of Spanish-speaking areas. Prerequisite: SPA 101.

SPA 201 Intermediate Spanish I (3 Credit hours – Area II) This course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts. Prerequisite: SPA 102.

SPA 202 Intermediate Spanish II (3 Credit hours – Area II) This continuation course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts. Prerequisite: SPA 201.

SPH 107 Fundamentals of Public Speaking (3 Credit hours – Area II) This course explores principles of audience and environment analysis as well as the actual planning, rehearsing and presenting of formal speeches to specific audiences. Historical foundations, communication theories and student performances are emphasized.

THR 113 Theater Workshop I (1 Credit Hour – Area II) This is the first in a course sequence which provides practical experience in the production and performance of a dramatic presentation with assignments in scenery, lighting, props, choreography, sound, costumes, make-up, publicity, acting, directing, and other aspects of theater production.

THR 114 Theater Workshop II (1 Credit Hour – Area II) This is the second in a course sequence which provides practical experience in the production and performance of a dramatic presentation with assignments in scenery, lighting, props, choreography, sound, costumes, make-up, publicity, acting, directing, and other aspects of theater production.

THR 115 Theater Workshop III (1 Credit Hour – Area II) This is the third in a course sequence which provides practical experience in the production and performance of a dramatic presentation with assignments in scenery, lighting, props, choreography, sound, costumes, make-up, publicity, acting, directing, and other aspects of theater production.

THR 213 Theater Workshop IV (1 Credit Hour – Area II) This is the fourth in a course sequence which provides practical experience in the production and performance of a dramatic presentation with assignments in scenery, lighting, props, choreography, sound, costumes, make-up, publicity, acting, directing, and other aspects of theater production.

MMI

Cost, Financial Aid & Scholarship Programs

- CHARGES
- DELINQUENT ACCOUNTS
- REFUND POLICY
- FINANCIAL ASSISTANCE
- SATISFACTORY ACADEMIC PROGRESS POLICY
- MMI INSTITUTIONAL SCHOLARSHIPS
- ARMY ROTC SCHOLARSHIPS
- MARION MILITARY INSTITUTE FOUNDATION SCHOLARSHIPS

Marion Military Institute is a member of the Alabama Community College System, and its tuition and fees are established in accordance with their guidelines. The Institute reserves the right to change, modify, or alter fees, charges, expenses, and costs of any kind without notice as approved by the Alabama Community College System. Tuition and activity fees include cost of instruction, admission to athletic events, guest lectures, haircuts, and use of the athletic facilities.

CHARGES

Tuition and Fees

These are yearly charges for boarding college cadets.

	Alabama Resident	Non-Resident
Tuition	\$6000	\$12000
Technology Fee	\$378	\$378
Facility Fee	\$378	\$378
ACS Reserve Fee	\$42	\$42
Medical Fee	\$150	\$150
ACCS Enhancement Fee	\$420	\$420
Uniform Fee	\$2,170	\$2,170
Parking Fee*	\$100	\$100
TOTAL TUITION AND FEES	\$9,518	\$15,518
Room and Board	\$4,950	\$4,950
Books	\$1,800	\$1,800
TOTAL COSTS	\$16,388	\$22,388

Uniform fee is payable the first semester enrolled.

*Parking Fee is paid only if the cadet has a car on campus and is nonrefundable.

Fees are based on a 21-hour course load and will vary. Tuition and/or fees can change with approval by the Alabama Community College System. Book costs are estimated and will vary based on course load.

Costs for college cadets entering in the fall semester are payable as follows:

	Alabama Resident	Non-Resident
Tuition	\$3,000	\$6,000
Technology Fee	\$189	\$189
Facility Fee	\$189	\$189
ACS Reserve Fee	\$21	\$21
Medical Fee	\$75	\$75
ACCS Enhancement Fee	\$420	\$420
Uniform Fee	\$2,170	\$2,170
Parking Fee*	\$50	\$50
TOTAL TUITION AND FEES	\$5,994	\$8,994
Room and Board	\$2,475	\$2,475
Books	\$900	\$900
Due First Day of Class	\$9,069	\$12,069

*Parking fee is paid only if a cadet has a car on campus and is nonrefundable.

DELINQUENT ACCOUNTS

1. If payment is not made by the midpoint of the term (after the first billing by the institution), a late payment charge of \$25 will be added to the outstanding balance for each additional monthly billing up to a maximum of \$100 in late payment charges.
2. In the event of an unpaid balance at the midpoint of the term, the student will be evicted from housing and all meal tickets canceled. If the balance is still unpaid at the end of the term, grade reports, college credits, transcripts or diplomas will not be issued or released. A student with a delinquent account shall not be allowed to enroll in subsequent terms until all delinquent balances are paid in full.
3. The institution will refer the student's delinquent account to a collection agency for failure to meet financial obligations of any kind to the institution, including the payment of additional late payment charges, attorneys' fees, and any other costs and charges necessary for the collection of any late payment.

REFUND POLICY

Planning and contracting for services are done for the entire year. Hiring of faculty and staff is based on the entire year. When cadets leave early, these expenses are still present. Marion Military Institute's refund policy is clearly outlined as follows.

1. Refund for Complete Withdrawal
 - 1.1. A student who officially or unofficially withdraws from all classes before the first day of class will be refunded the total tuition and other institutional charges.
 - 1.2. A student who officially or unofficially withdraws on or after the first day of class but prior to the end of the third week of classes will be refunded according to the withdrawal date as follows:
 - 1.2.1. Withdrawal during first week: 70% of tuition and other institutional charges
 - 1.2.2. Withdrawal during second week: 45% of tuition and other institutional charges
 - 1.2.3. Withdrawal during third week: 20% of tuition and other institutional charges
 - 1.2.4. Withdrawal after third week: No refund
 - 1.2.5. For calculating refunds, a "week" is defined as seven calendar days.
2. Administrative Fee
An administrative fee not to exceed 5% of tuition and other institutional charges or \$100, whichever is smaller, shall be assessed for each withdrawal within the period beginning the first day of classes and ending at the end of the third week of classes.
3. Books and Supplies
A student who withdraws and who has purchased returnable books, and /or supplies from the institution and returns the items in new/unused condition by the end of the third week of the semester/term will be refunded the full purchase price. Books and/ or supplies returned in used condition by the end of

the third week of the semester/ term will be refunded 50% of purchase price.

4. Room and Board

Students who officially request a meal ticket refund and/or withdraw from a residence hall before the official first day of classes or during the first three weeks of the term will receive a refund calculated as outlined in 1.2 above.

5. Refund for Partial Withdrawal

Students who do not completely withdraw from the institution but drop a class during the regular drop/add period will be refunded the difference in tuition paid and the tuition rate applicable to the reduced number of hours, including fees appropriate to the classes dropped. There is no refund due to a student who partially withdraws after the official drop/add period.

6. Refund in Compliance with Federal Regulations

All Alabama Community College System institutions shall comply with federal regulations relative to refund of tuition and other institutional charges for first time, first-term Title IV recipients.

7. Refund for Alabama National Guard and Reservists Called to Active Duty

Students who are active members of the Alabama National Guard or Reserves or who are active duty military who are called to active duty in the time of national crisis shall receive a full tuition refund at the time of withdrawal, if such student is unable to complete the term due to active duty orders or assignment to another location. If a National Guard student is receiving Title IV funding, a recalculation must be performed as required by Federal Title IV regulations, which could result in less than a 100% refund.

8. Exception to Policy

The President has the authority to make exceptions to the refund policy in the event of the death of a student or of a family member requiring the student to leave the institution.

9. Refund policies are governed by the Alabama Community College System

The above policies are based on State Board Policy 803.02: Refunds, and are effective June 1, 2009, for implementation beginning in the Fall 2009 term. Guidelines for implementation of this policy are established by the Chancellor.

FINANCIAL ASSISTANCE

It is the philosophy of Marion Military Institute that the primary responsibility for financing a college education must be assumed by the student, but the Institute believes that no student should be denied the opportunity of acquiring an education because of financial barriers. Consequently, Marion Military Institute is authorized to administer Federal Title IV, state, institutional, and outside financial aid programs. Cadets seeking any type of aid must apply for federal financial aid by completing the Free Application for Federal Student Aid (FAFSA) via website www.fafsa.ed.gov to establish financial need and to determine eligibility for federal, state, and institutional funds. Students are required to file the FAFSA yearly via the web and should apply as soon as possible after October 1. To supplement the efforts of students and parents to meet educational costs, the Office of Financial Aid strives to assist each student by creating a financial aid package to include Federal Pell Grant, Federal Supplemental

Educational Opportunity Grant, Federal Work-Study, Direct Loans, State Grant funds, Veteran Administration Benefits, Scholarships, and Tuition Waiver.

Eligibility Requirements

MMI eligibility for most financial assistance programs requires that a student:

1. File a free application for Federal Student Aid (FAFSA)
2. Demonstrate financial need;
3. Have a high school diploma or GED;
4. Be a U.S. citizen or permanent resident;
5. Be enrolled as a regular full-time student in an eligible degree program;
6. Maintain Satisfactory Academic Progress;
7. Not be in default on any federal loan nor owe a refund on any federal grant or state grant program at any institution; and
8. Agree to use any Federal Student Aid received solely for educational purposes.

Application Procedures

To apply for financial assistance, all applicants must follow the procedures listed below:

1. Apply for admission and have high school transcripts or GED, and ALL college transcripts on file.
2. File a free application for Federal Student Aid via the website www.studentaid.gov and add MMI school code 001026.
3. Within 24-72 hours the Financial Aid Office will receive and verify the Student Aid Report (SAR)
4. The Financial Aid Office may require you to submit additional documentation after your Student Aid Report has been received. Documentation MMI may require:
 - 4.1. Student/spouse most recent U.S. Income Tax Return
 - 4.2. Parents most recent U.S. Income Tax Return
 - 4.3. Non-Taxable Income
 - 4.4. Verification Worksheet
5. Once documentation is received, the Office of Financial Aid will complete the following procedures:
 - 5.1. Review all verification information submitted to the Financial Aid
 - 5.2. Any conflicting information will be corrected and re-submitted to FAFSA to generate a correct Estimated Family contribution (EFC)
 - 5.3. The student/parents will be notified of any changes in awards.

Financial Aid Program Descriptions

1. Federal Pell Grant
The Pell Grant Program is the basis for financial assistance to which aid from other federal and non-federal sources may be added. The amount of Pell Grant that a cadet may receive for the 2023-24 academic year is currently \$7,395. Eligibility is determined by completing a FAFSA online.
2. Federal Supplemental Educational Opportunity Grant (FSEOG)
The Federal Supplemental Educational Opportunity Grant

(FSEOG) Program is for undergraduates with exceptional financial need. Pell Grant recipients with the lowest expected family contributions (EFC) will be considered first for a FSEOG. MMI understands and complies with the 25 percent non-federal share requirement, unless waived and 75 percent federal dollars will be contributed to the FSEOG program. MMI's priority order in awarding FSEOG recipients is the following:

- 2.1. First selection group: Pell eligibility and the lowest EFCs
- 2.2. Second selection group: Non-Pell eligible students with the lowest EFCs
- 2.3. The maximum FSEOG award for MMI recipients is \$500 each semester.

	Contact	Email Address
For SAP Appointments	LTC Thomas Bowen, Director of Service Academy Program	tbowen@marionmilitary.edu
For Performing Arts Auditions	Mr. Michael Gimenez, Band Director	mgimenez@marionmilitary.edu
For employee and dependent tuition discounts and/or waivers	Ms. Jacqueline Wilson, Director of Financial Aid	jwilson@marionmilitary.edu

3. Federal Work-Study Program (FWS)

The purpose of the MMI Federal Work-Study Program is to award part-time employment opportunities to cadets with demonstrated financial need. Under the Federal Work-Study Program cadets may work either on or off campus while attending college, work 10 hours per week, and are paid comparative wages based on the federal minimum wage law.

A completed Free Application for Federal Student Aid (FAFSA) is required as well as an MMI institutional FWS application. The Federal Work Study and Federal Student Aid Applications can be obtained through the MMI website at www.marionmilitary.edu.

4. Direct Subsidized/Unsubsidized Loans

Direct loans allow cadets to meet some of the educational expenses by borrowing money from lenders at favorable rates (4.99% as of May 22, 2023). Loans are awarded only after all other aid is exhausted and cannot exceed the cost of attendance. Loans must be repaid! Repayment may be deferred up to six months after the cadet graduates, leaves school or drops below six credit hours. If awarded a Subsidized Direct Loan, the federal government will pay the interest while the cadet is enrolled at least half-time (six credit hours and during deferment.) Eligible cadets may receive an unsubsidized loan regardless of family income if within federal budget guidelines. Interest does accrue while the borrower is enrolled, and there are a number of repayment options available. Cadets must do the following to be eligible and receive a Direct Loan: (1) Gain admittance to MMI, (2) complete a FAFSA, (3) Complete entrance counseling and Master Promissory Note.

5. Federal Parent Loan for Undergraduate Students (PLUS)

PLUS loans are guaranteed through the Federal Family Educational Loan Program (FFELP) and make loan-term loans available to cadets and parents to pay educational costs. Although it is not mandatory, a FAFSA should be filed to determine need for a PLUS loan. Parents are eligible to apply for a credit worthiness loan on behalf of dependent undergraduate students. If a parent is denied a PLUS loan, a student may be eligible to borrow additional funds under the Unsubsidized Stafford Loan Program.

6. State and Institutional Scholarship/Tuition Waiver Programs

Marion Military Institute offers numerous state and institutional, scholarships including Need-Based, Service Academy Program, Athletic and Performing Arts. Contact the office of Financial Aid for scholarship applications. The priority deadline for submission is February 1. All scholarship application must be received in the office of Financial Aid by March 1. Additional information can be obtained as follows:

7. MMI Foundation Scholarships

The Marion Military Institute Foundation offers scholarships to qualified students attending or planning to attend the Institute. Each scholarship has its own eligibility requirements but awards are usually based on academic qualifications, leadership potential, community service, and financial need.

For more information, visit

www.marionmilitary.edu/admissions/scholarships.cms.

Please note that the completion of a FAFSA is not required for Foundation scholarships unless the student is applying for a need-based scholarship.

Disbursement Procedures

The following procedures are outlined so that students will be aware of the time of check disbursement, governing policies, and approved procedures that will be adhered to by the office of Financial Aid.

1. Pell Grant: Students who have established Pell Grant eligibility (submitted a valid Student Aid Report and all required documentation ten (10) days prior to registration), have registered, and are attending class will receive the balance of their Pell Awards on the fourteenth day of classes each semester. By signing an agreement, tuition, fees, room/board for on-campus housing (if applicable), and uniform fees may be deducted from your Pell Grant award prior to and during registration and late registration. Also, by signing the agreement, required books and supplies may be charged to your Pell Grant award only after you have attended at least one class session for each registered class. Students who do not attend class are not eligible to receive any federal funding.

On the fourteenth (14th) day of classes, a check for the remaining balance of your Pell Grant award will be available in the Business Office. You must show a photo I.D. to obtain your check.

Students who establish their Pell grant eligibility (submit a valid Student Aid Report and all required documentation) after the beginning of the semester will receive the balance of his or her eligible Pell Grant and/or Direct Loan on established designated days to be determined in agreement with the Office of Financial Aid and the Business office. These dates will be published at the beginning of each semester in the Office of Financial Aid. After the initial disbursement, checks will be processed monthly. To receive a Pell Grant disbursement, students must be enrolled, attending classes in compliance with the satisfactory academic progress policies, and must not have any holds on the student account at the time of disbursement.

2. **Federal Direct Loan:** Recipients may charge tuition, fees, books and supplies, room and board, and uniforms to their loan account. If the award is more than the account balance, a disbursement will be generated and issued to the student in the form of a check. If the award is less than the account balance, the student will be billed for the remaining amount of the account. First time borrowers cannot receive the first installment of a loan until they have been in attendance at MMI for 30 days. The second disbursement is made at the midterm point of the semester. Federal regulations require multiple disbursements for one semester loans. The second disbursement cannot be delivered until at least one half of the loan period has elapsed. This is true for the first semester and the last semester the student receives a loan. To receive a loan disbursement, a student must be enrolled and currently attending classes in compliance with the satisfactory academic progress policies at the time of disbursement.
3. **Federal Work-Study:** Work Study positions are assigned based on financial need, availability of positions and funding. Timesheets for the Work Study Program must be submitted to the Financial Aid Office on the last working day of the month. The timesheet must be signed by the worker/student and supervisor. The worker/student is responsible for the timesheet being submitted on time; failure to do so may result in a delay in payment. Payroll period begins the first of each month and ends on the last working day of the month. Work Study checks are available the Friday following the last working day of the month.
4. **Veteran's Benefits:** Before dropping or adding a course or when withdrawing from the College, a student must first notify the Office of Financial Aid. Each withdrawal or drop resulting in a reduction in course load must show the effective date and reason for change. A student who completes an application and brings in his/her required documentation at the beginning of the semester should expect a VA processing period of 90 to 120 days after certification. If the estimated time has elapsed and a check has not arrived, contact the MMI VA certifying official. If the funds are not received by the end of registration, the student is required to pay for his/her tuition, fees, and any other expense that was to be covered by VA benefits. MMI cannot waive tuition and fees in anticipation of the arrival of advance funds.

Students utilizing VA education benefits shall not be charged a penalty, including assessment of late fees, denial of access to classes, libraries, or other institutional facilities, or be required to borrow additional funds because of the individual's inability to meet their financial obligations due to the delayed disbursement of a payment to be provided by the Department of Veterans Affairs.

Public Law 117-68: In November 2021, Congress passed Public Law 117-68 amending title 38USC367(c)(2)(A) by adding Chapter 35 recipients to the definitions of covered individuals to be charged in-state tuition. **Effective: August 1st, 2022**

5. The law specifies how MMI must determine the amount of Title IV program assistance that a student earns if he/she withdraws from school. The Title IV programs that are covered by this law are the following: Federal Pell Grants, Direct Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs).

When a student withdraws during the payment period or period

of enrollment (Fall 2023 or Spring 2024), the amount of Title IV program assistance earned up to that point is determined by a specific formula. If a student received (or MMI or parent received on the student's behalf) less assistance than the amount that earned, the student may be able to receive those additional funds.

If a student receives more assistance than the student earned, the excess funds must be returned by the school and/or the student. The amount of assistance that has been earned is determined on a prorated basis.

For example, if a student completed 30% of the payment period or period of enrollment, the student earns 30% of the assistance he/she was originally scheduled to receive. Once the student has completed more than 60% of the payment period or period of enrollment, he/she earns all the assistance that was scheduled to be received for that period.

60% of the payment period for 2023-24:

Fall Semester:	October 19, 2023
Spring Semester:	March 14, 2024

If a student did not receive all the funds that were earned, he/she may be due a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, MMI must obtain the student's permission before it can disburse them. The student may choose to decline some or all of the loan funds so additional debt is not incurred. MMI may automatically use all or a portion of the post withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the MMI).

6. MMI needs student permission to use the post-withdrawal grant disbursement for all other school charges. The student will receive a post withdrawal disbursement letter inquiring how remaining funds are to be disbursed. However, it may be in the student's best interest to allow MMI to keep the funds to reduce the student's MMI debt.

For New Students ONLY

There may be some Title IV funds that a student was scheduled to receive that cannot be disbursed once the student withdraws because of other eligibility requirements. For example, if the student is a first-time, first-year undergraduate cadet and has not completed the first 30 days of the program before the student withdraws, the student will not receive any Direct Loan funds that would have been received had the student remained enrolled past the 30th day.

If the student receives (or MMI or parent receives on the student's behalf) excess Title IV program funds that must be returned, MMI must return a portion of the excess equal to the lesser of MMI charges multiplied by the unearned percentage of the funds, or the entire amount of excess funds. MMI must return this amount even if it didn't keep this amount of the student's Title IV program funds.

GI Bill Resident Rate Requirements

Choice Act Section 702: The Veterans Access, Choice, and Accountability Act of 2014 (the "Choice Act") was passed by the United States Congress and signed into law by the President of the United States in 2014. The Choice Act "requires the United States Department of Veterans Affairs to disapprove programs of education for payment of benefits under the Post-9/11 GI Bill® and Montgomery GI Bill - Active Duty at public institutions of higher learning if the institutions charge qualifying veterans and dependents tuition and fees in excess of the rate for resident students for terms beginning after July 1, 2015."

For the purpose of the Choice Act, a covered individual is one of the following:

I. A veteran receiving Montgomery and Post-9/11 GI Bill® educational assistance and enrolling within three (3) years of discharge after serving ninety days or more on active duty

II. An individual using transferred entitlement within three (3) years of discharge after serving ninety (90) days or more on active duty

III. A surviving spouse or child under the Fry Scholarship who enrolls within three (3) years of an active duty service member's death in the line of duty after serving ninety (90) days or more

IV. An individual remaining continuously enrolled after meeting initial requirements and using Chapter 30 or 33

"GI Bill®" is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at www.benefits.va.gov/gibill.

A person described above will retain covered individual status if he/she remains continuously enrolled (other than regularly scheduled breaks between terms) at the public IHL. The in-state tuition provisions in Section 702 do not apply to those on active duty or to students using transferred Post-9/11 GI Bill® benefits from a Servicemember still on active duty. Public IHLs must offer in-state tuition and fees to all covered individuals with Post-9/11 GI Bill® and Montgomery GI Bill – Active Duty (MGIB – AD) benefits in order for programs to remain approved for GI Bill® benefits for terms beginning after July 1, 2015. VA will not issue payments for any students eligible for the Post-9/11 GI Bill® or the MGIB-AD until the school becomes fully compliant. These requirements ensure our nation's recently discharged Veterans, and their eligible family members, will not bear the cost of out-of-state charges while using their well-deserved education benefits.

For students receiving VA education benefits, any complaint against the school should be routed through the VA Post GI Bill® Feedback System by going to the following link:

<http://www.benefits.va.gov/GIBILL/Feedback.asp>. The VA will then follow up through the appropriate channels to investigate the complaint and resolve it satisfactorily.

SATISFACTORY ACADEMIC PROGRESS POLICY

Recipients of Financial Aid (Pell Grant, College Work Study, Supplemental Grant, or a Direct Loan) must maintain at least a minimum standard of academic progress. Academic progress will be assessed at the time a cadet is awarded financial aid, and reviewed each academic year. Academic progress will be monitored for all terms of enrollment, whether or not financial aid was received. In accordance with federal guidelines, cadets receiving federal financial

aid at MMI must meet the following requirements:

1. Time frame: Cadets receiving financial aid are subject to a maximum time frame in which they can receive financial assistance. The maximum time frame that a cadet can receive financial aid to complete a degree is 150% of the published program length measured in semester hours attempted. The average time allotted for an Associate degree program is 96 hours attempted. Cadets who transfer from other colleges will have all credit hours taken at other schools included in the 96 hour total.
2. Grade Point Average: Each cadet will be expected to meet or exceed the following GPA at the indicated points in his/her program of study:

Credit Hours	Minimum Cumulative GPA
0-24 semester hours	1.50
25-45 semester hours	1.75
46 + semester hours	2.00

3. Completion Rate: In order to maintain the minimum standard of academic progress toward the completion of their degrees, cadets must successfully complete 2/3 of all MMI credit hours attempted. (Hours attempted include repeated courses, dropped courses, withdrawals and incomplete courses.) This measure becomes effective when a cadet has completed 21 MMI credit hours. Withdrawals count as hours attempted but not earned.
4. Developmental Courses: A cadet may not enroll in the same developmental course more than three times and continue to receive financial assistance for that course. A federal financial aid recipient may not receive aid for more than 30 semester hours of developmental work. Also, effective beginning Fall Semester 2009, developmental hours taken will not be included when determining a cadet's grade point average, completion rate progress for financial aid or maximum time frame allotment.
5. Financial Aid Probation: A cadet who fails to meet one or more of the SAP requirements for the first time will be placed on Financial Aid Probation during the next term of enrollment at MMI. The cadet will still be eligible to receive financial aid while on probation.
6. Extension of Financial Aid Probation: A cadet on Financial Aid Probation who meets all of the SAP requirements for coursework attempted during their probationary term but is still not meeting one or more of the minimum SAP requirements may request in writing to the Director of Financial Aid an extension of their Financial Aid Probation.

If, at the end of the second probationary semester, the cadet is still not meeting one or more of the minimum SAP requirements, the cadet will be placed on Financial Aid Suspension and will become ineligible for federal and state financial aid.

7. Financial Aid Suspension: If, at the end of the probationary semester, the cadet does not meet all the SAP requirements for coursework attempted that semester but is still not meeting one or more of the minimum SAP requirements, the cadet will be placed on Financial Aid Suspension and will become ineligible for federal and state financial aid.

8. Review Process: Academic progress will be assessed at the time a cadet is awarded financial aid and reviewed each academic year.
9. Regaining eligibility: In order to regain eligibility, a cadet must attend MMI at his/her own expense until the standards outlined in this policy are met.
10. Appeal Process: A cadet who loses his/her financial aid because of a failure to meet these academic progress requirements may appeal if there are extenuating circumstances. Appeals must be submitted in writing, and the appeal will be reviewed by the Financial Aid Committee. Each cadet will be notified in writing as to the outcome of his/her appeal.

MMI INSTITUTIONAL SCHOLARSHIPS

Marion Military Institute (MMI) provides multiple scholarship opportunities for qualified cadets attending or planning to attend MMI. Each scholarship has its own eligibility requirements, but awards are usually based on academic qualifications, leadership potential, community service, and financial need. "Bundling" restrictions apply to most institutional scholarships, and the MMI Financial Aid Office can provide further details.

Athletic Scholarships

Athletic scholarships are awarded based on tryouts and/or demonstrated ability to compete on the intercollegiate level. Awards are available in Baseball, Men's Basketball, Softball, Men's Tennis, Women's Tennis, Men's Golf, Women's Golf, Men's Cross Country, and Women's Cross Country and may be granted to new or current MMI cadets. Scholarships are awarded for one year and are renewable based on athletic performance and eligibility.

Service Academy Program (SAP) Scholarships

The SAP Scholarships are awarded to cadets whose record exemplifies academic diligence and demonstrated leadership. Scholarships are awarded for one year only, and recipients must be enrolled in the SAP.

Band Scholarship

The MMI Band Scholarship will award 50% tuition. Letters of recommendation are required from a previous Band Director or Choral Leader. MMI's Band Director will recommend the recipients to the scholarship committee.

Presidential Scholarship

The Presidential Scholarship is an academic scholarship that rewards recipients 75% tuition. The scholarship is available to both in-state and out-of-state residents. Applicants must have a minimum 25 ACT Composite and/or 1140 SAT (Critical Reading and Math) with a 3.75 Cumulative GPA and have held top position(s) in extracurricular activities such as JROTC Battalion Commander, Eagle Scout/Gold Award Girl Scout, Honor Society president, Boys/Girls State, Drill/Rifle Team Commander, Valedictorian/Salutatorian, and/or The MacArthur Award. Scholarships are limited to incoming freshmen only.

Academic Dean Scholarship

The Academic Dean Scholarship is an academic scholarship that rewards recipients 50% tuition. Available to both in-state and out-of-state residents, it requires a minimum 23 ACT Composite and /or 1070 SAT (Critical Reading and Math) with a 3.00 Cumulative GPA. Scholarships are limited to incoming freshmen only.

Leadership Scholarship

The Leadership Scholarship awards recipients 50% tuition (in-state or out-of-state) for two semesters. It is open to incoming freshmen meeting the minimum academic requirements of a 19 ACT Composite and/or 910 SAT (Critical Reading and Math) with a 2.50 Cumulative GPA who have held top position(s) in an extracurricular activity (ex. SGA President or Vice President, JROTC Battalion Commander or Executive Officer, Beta Club President or Vice President, Sports Captains, Class Officers).

Black Belt Scholarship

To be eligible for this Room and Board Scholarship, a cadet must have permanent residence in one of the 18 counties in the Black Belt of Alabama and have graduated from an Alabama Black Belt high school or obtained a GED.

The Knights Precision Drill Team Scholarship

The Knights Precision Drill Team awards 50% tuition for two semesters to a drill-skilled incoming freshmen cadet. To be considered, students must submit a video or video link of drill skills being performed. Requires a minimum 17 ACT Composite and/or 850 SAT (Critical Reading and Math) and a high school grade point average of 2.0 (on a 4.0 scale). Open to in-state and out-of-state students.

Military High School

This 50% tuition scholarship is open to cadets who attended one of the eligible AMCSUS (Association of Military Colleges & Schools of the United States) military high schools for at least the junior and senior years of high school preceding attendance at MMI. Minimum academics required are a 17 ACT Composite and/or 850 (Critical Reading and Math) score and a high school grade point average of 2.0 (on a 4.0 scale).

ARMY ROTC SCHOLARSHIPS

Applicants must meet the qualification requirements for acceptance into the Early Commissioning Program (ECP) and have a high school grade point average of 2.5 (on a 4.0 scale) and a minimum of a 19 composite on the ACT (equivalent on the SAT) to qualify to compete for an Army ROTC Scholarship.

Recipients of these ROTC scholarships will receive financial assistance for two years in their pursuit of an associate degree from MMI and a commission in the United States Army. Individuals continue on to a baccalaureate degree without benefits. During the two-year duration of the scholarship, the Army will pay college tuition and educational fees, or room and board, whichever the cadet chooses. Additionally, a flat rate of \$1,200 per year is provided to purchase textbooks.

Army ROTC scholarship winners also receive a monthly tax-free subsistence allowance for 20 months. The monthly amount will be tiered commensurate with the Military Science Class -- MS3 = \$450 per month; MS4 = \$500 per month. Cadets will be commissioned in the USAR or ARNG and assigned to a Troop Program Unit (TPU) (paragraph 2-16, AR 140-10) upon graduation from MMI provided all eligibility requirements are met. Interested candidates should contact the MMI ROTC Department.

MMI FOUNDATION-ENDOWED SCHOLARSHIPS

The MMI Foundation manages MMI's endowment and offers endowed scholarships to qualified cadets each year. Each scholarship has its own eligibility requirements, but awards are usually based on academic qualifications, leadership potential, community service, and financial need.

Franklin Sizemore Adams Endowed Scholarship

This scholarship, established by Mr. and Mrs. Quincy F. Adams as a living memorial in honor and appreciation of their son, Franklin Sizemore Adams, an alumnus of MMI, is awarded annually to a qualified college student. Preference is given to Alabama students from Clarke, Lamar, or Marengo counties.

James H. and Mary V. Benson Endowed Scholarship

This scholarship was established by the MMI Board of Trustees and Advisors in 2008 for James H. and Mary V. Benson in recognition of their outstanding service and dedication as the fifteenth president and first lady of MMI.

The Edward Jefferson Blackburn Endowed Scholarship

Ms. Susie Geneva Blackburn established this scholarship in memory of her father, Edward Jefferson Blackburn, born in rural Perry County, Alabama, in 1902 and was educated in the public schools there. He served on the Perry County Board of Education for 29 years, the Board of Trustees at MMI for 24 years, eight years as chairman, and was a member of the Board of Visitors at Judson College in Marion. The annual scholarship will be awarded based on financial need with priority to students from Perry County.

William Speight Burton Endowed Scholarship

This scholarship was established by Mr. William Speight Burton, MMI Class of 1950. He served in the Armed Guard of the Navy from 1942 to 1946 during World War II. After retiring from the Coca-Cola company, he wrote a book, "Asbestos – the Silent Killer of Navy Veterans," on his experiences in the Armed Guard, including his asbestos exposure.

The Alva C. Caine Sr. Endowed Scholarship

This scholarship was established by L. Dudley Lawson, Jr., MMI HS '86, of Birmingham, Ala., in honor of Alva C. Caine Sr., MMI HS '59, JC '61, and his family, who were an important part of Mr. Lawson's life and like his second family. This scholarship recognizes the importance of the Caine family in his life and also the tremendous philanthropic support and dedicated service that Mr. Caine has provided to MMI. The scholarship will be awarded to cadets with financial need.

Chadbourne Foundation Endowed Scholarship

This scholarship was established by the Chadbourne Foundation of Pensacola, Florida, and its trustees, Mr. and Mrs. Edward M. Chadbourne, Jr., Mr. and Mrs. Edward M. Chadbourne III, and Mr. and Mrs. F. Brian DeMaria. Mr. Chadbourne III is an alumnus of MMI's Class of 1978.

The Christenberry Endowed Scholarship

This scholarship was established in 2012 by Mr. and Mrs. Boyd E. Christenberry to promote the education of deserving college cadets with emphasis on those with greatest financial need. Priority of consideration shall be given to cadets who are morally, physically, medically, and academically sound, and should have participated in other extracurricular activities outside the classroom to include sports, clubs, Boy or Girl Scouts, or other such activities that demonstrate a well-rounded high school experience with an emphasis on leadership. This scholarship is awarded annually to a cadet who has scored at least a 21 on the ACT or equivalent SAT, and a minimum 3.0 high school GPA, and is a resident of the state of Alabama.

Class of 1935 Endowment Scholarship

This scholarship is awarded annually to cadets who possess demonstrated potential for academic success and leadership. Preference will be given to cadets who have financial need. The fund was established in 1986 by members of the MMI Class of 1935 who had just celebrated their 50th reunion.

Charles and Houston Drennen Endowed Memorial Scholarship

Mrs. Louis J. Drennen and Mrs. Sue P. Drennen established this scholarship in memory of their late husbands, Charles and Houston Drennen of Birmingham, Alabama.

Alfred I. duPont Foundation, Inc. Endowed Scholarship

This scholarship is awarded each year to qualified students from across Alabama and the Southeast who are in need of assistance. The Alfred I. duPont Foundation is a non-profit Florida corporation founded in 1936 by Jessie Ball duPont to honor her late husband, Alfred I. duPont, founder of the modern-day duPont Chemical Company and St. Joe Paper Company.

Ernest A. Fite Army Aviation Endowed Scholarship

Colonel Ernest A. Fite USA (Ret), Class of 1965, from Florence, Alabama, established this scholarship. Priority of consideration is given to cadets who demonstrate financial need and/or demonstrate an interest in army aviation as an aviator and/or any other capacity.

James H. and Cecile Gayle Endowed Scholarship

Mr. and Mrs. James H. Gayle of Marion, Alabama, established this scholarship in 1966. Alabama residents qualified to participate in MMM's academic, military, and athletic training programs receive priority.

The Samuel P. and Lynn B. Givhan Endowed Scholarship – Also

established by L. Dudley Lawson, Jr., this scholarship honors Samuel P. and Lynne B. Givhan for the many years of significant support and continued generosity they have provided for MMI. The scholarship will be awarded to cadets with financial need.

Joe C. Granade Endowed Scholarship

Lucille W. Granade established this scholarship to honor her late husband, Mr. Joe C. Granade, Class of 1948. Cadets demonstrating financial need receive priority.

Jeane Parker Hallmark Endowed Scholarship

Luther (Luke) P. Hallmark, Class of 1977, established this scholarship in memory of his mother, Mrs. Jeane Parker Hallmark. Cadets in the athletic program receive priority.

Dr. Marnix E. Heersink Endowed Scholarship

Dr. Marnix E. Heersink established this scholarship in 2022 to help students from the South Alabama area with financial need. Dr. Heersink, originally from the Netherlands, is the founder of Health Center South. The minimum academic requirement is a 3.0 grade point average.

The McClinton Family Endowed Scholarship – This scholarship was established by Mr. Raymond McClinton, Jr., MMI Class of '62, of Asheville, NC, to make MMI's exceptional education more financially accessible to young men and women who are eager to achieve their dreams of being future leaders and having a fulfilling life. These scholarship funds will be an investment in a young person's future, enabling talented and deserving students to gain the distinctive lifelong benefits of Marion's education. As a need-based scholarship, the McClinton family hopes they have a positive impact

on the belief that no deserving child is left behind due to economic reasons.

John Milton Hightower Endowed Scholarship

Mrs. John M. Hightower of Sylacauga, Alabama, and her daughter, Mrs. Joseph C. P. Turner of Demopolis, Alabama, established this scholarship in 1984 in memory of John Milton Hightower. Mr. Hightower was a graduate of the Class of 1920.

Joel R. and Elizabeth E. Hillhouse Endowed Scholarship

Joel R. and Elizabeth E. Hillhouse established this scholarship to promote the education of deserving cadets who are in need of financial assistance.

Jemison and Day Family Endowed Scholarship

Jemison Investment Company, Inc., of Birmingham, established this scholarship awarded annually to a deserving cadet.

LeCraw Endowed Leadership Scholarship

Scott T. LeCraw, Class of 1972, established this scholarship in 1999 in memory of his mother, Mrs. Margaret LeCraw Towers. It is awarded annually to a student from the state of Georgia who has a quality academic record, an interest in the military, and a proven record of leadership.

George Blue Lee Endowed Memorial Scholarship

Mr. and Mrs. Frank Earle of Blacksher, Alabama, established this scholarship in memory of their nephew, George Blue Lee, a graduate of MMI. Mr. Lee gave his life in defense of his country in 1967. Priority of consideration is given to cadets accepted into the ECP. The cadet must be diligent with athletic ability and demonstrated leadership potential.

John Charles Lindsay, Jr. Endowed Memorial Scholarship

Colonel and Mrs. John C. Lindsay of Orville, Alabama, established this scholarship in memory of their son, John Charles Lindsay, Jr., a graduate of the MMI Preparatory School, Class of 1972. Priority of consideration is given to cadets who excel in the study of mathematics and military training.

David E. McCollum Aviation Endowed Scholarship

Mr. and Mrs. Offa Shivers McCollum, Jr. of Highland, Maryland, established this scholarship to honor their son David Ellis McCollum who died at the age of 47 in a test flight crash on April 2, 2011, in Roswell, New Mexico. David lived in Savannah, Georgia, where he was a Flight Test Engineer at Gulfstream Aerospace Corporation. A native of Highland, Maryland, David graduated from the MMI high school in 1981 and the junior college in 1983. He earned his BS degree in Engineering Science and Mechanics from Georgia Tech in 1988. This scholarship will be awarded each year to support flying lessons for MMI cadets interested in a career in aviation.

Offa Shivers McCollum Endowed Memorial Scholarship

Offa Shivers McCollum, Jr. established this scholarship in honor of his father, Lieutenant Colonel Offa Shivers McCollum. The use of the scholarship may include tuition, room and board, uniforms, books, and any other expenses deemed necessary to attend MMI.

James Guy McCormick, Jr. Endowed Scholarship

Mrs. Carolyn S. McCormick of Demopolis, Alabama, established this scholarship in memory of her husband James Guy McCormick, Jr., Class of 1940.

James A. Mitchell Endowed Memorial Scholarship

James A. Mitchell, Class of 1917, established this scholarship in memory of his father. This scholarship is awarded each year to deserving cadets.

Lillian Moore Endowed Scholarship

Lillian Moore of Marion, Alabama, established this scholarship in honor of her brother, R. Malcolm "Monk" Moore, the Assistant Commandant at MMI for many years. This scholarship is awarded each year to deserving cadets.

Mooty Brothers Endowed Scholarship

June Louise Mooty Grube and Virginia Sittason established this scholarship to honor their brothers Harold, Doug, and Joe Mooty. The purpose of this scholarship is to award one or more scholarships annually to MMI cadets who demonstrate a financial need.

JHM Endowed Scholarship

This scholarship was established in 2005 by MMI alumni who participated in the Morgan's Raiders to honor more than 58 years of service to MMI as cadet leaders and to promote the education of deserving college cadets. Priority of consideration is given to returning scholarship recipients.

Hopson Owen Murfee Endowed Academic Scholarship

Mr. William E. Matthews IV established this scholarship in honor of his grandfather, H. O. Murfee. H. O. Murfee was the second president of MMI. He was a Phi Beta Kappa honor graduate in physics from the University of Virginia, where his roommate was Woodrow Wilson. This scholarship is awarded each year to a cadet whose record exemplifies academic diligence.

James T. Murfee Endowed Memorial Scholarship

This scholarship was established to honor the founder and first president of MMI, James T. Murfee, and his family.

James Thomas Murfee, III Endowed Athletic Scholarship

This scholarship was established in 2000 to honor the memory of the great-grandson of the founder of Marion Military Institute, James Thomas Murfee. Dr. James Thomas Murfee III, affectionately known as "Tommy," served as Academic Dean, an instructor of math, and Director of Athletics. The scholarship is awarded to a student who demonstrates good moral character and who participates in athletics.

James Dennis Nettles, Jr., Memorial Scholarship

This academic scholarship was established in memory of James Dennis Nettles, Jr., a graduate of the Preparatory School, Class of 1970. The fund was established by his parents, Dr. and Mrs. James D. Nettles of Arlington, Alabama, and his friends. This scholarship will be awarded to cadets who possess excellent leadership skills.

Walter P. Nichols Scholarship

This academic scholarship is awarded to a student with a strong academic background with preference given to students from Marion, Alabama.

R. Leigh Pegues Endowed Scholarship Fund

This scholarship was established by the Presidential Advisory Council (PAC) of Marion Military Institute to honor the memory of Mr. R. Leigh Pegues. The purpose of this fund is to award one or more scholarships annually to deserving cadets who demonstrate a financial need.

Garland Sledge Rankin Memorial Scholarship

This scholarship was established in memory of Garland Sledge Rankin, a graduate of the MMI Preparatory School in 1974. It was created in 1975 by Mr. and Mrs. Amzi G. Rankin of Faunsdale, Alabama. The scholarship is available to college students from the Marengo County area.

Blake McKenzie Rapier Endowed Scholarship

This scholarship was established by Dr. George Rapier, MMI HS '69, of San Antonio, Tex. and Florence, Italy, to honor the memory of his youngest son, Blake McKenzie Rapier, September 18, 1988 – June 4, 2007. The scholarship will be awarded to cadets with financial need.

William Hoke Ritchie, Jr and the Nancy Rosenberger Ritchie Endowed Scholarship Fund

This scholarship was established to encourage and assist outstanding, qualified young men and women interested in pursuing a career in the Navy and/or Marine Corps by commissioning through the U.S. Naval Academy (USNA) or a career in the military by commissioning through one of the other U.S. Service Academies. Preference is given to a student at Copper Basin High School, Copperhill, TN, or a student at Culpeper County High School, Culpeper, VA, or a descendent of William Hoke Ritchie, Jr., or Nancy Rosenberger Ritchie.

Paul W. Rutledge and Margaret S. Rutledge Scholarship

This scholarship was established in 1985 by Mrs. Margaret S. Rutledge in memory of Major General Paul W. Rutledge, United States Army. Preference for this award is given to students who aspire to be commissioned as an officer in the United States Army.

Peyton Tutwiler III Scholarship

This scholarship was established by Mrs. Lucille P. Tutwiler to honor her husband, Peyton Tutwiler III. Priority of consideration will be given to candidates from Mobile County, Alabama, who express an interest in the field of engineering as a civilian or military officer.

Mildred Prettyman Washburn Fund

This fund was established by James L. Washburn in memory of his wife, Mildred Prettyman Washburn. Income from this fund is awarded to a cadet who has demonstrated exemplary scholarship, leadership, and citizenship.

Dr. Arthur F. Wilkerson, Jr. Scholarship

Funds from this scholarship are awarded to an accomplished and dedicated student. The scholarship was established in 1987 by his family in memory of Dr. Wilkerson, who graduated from Marion Military Institute in 1928.

Taylor D. (Red) Wilkins, Jr. Athletic Endowed Scholarship

This scholarship was established by the MMI Board of Trustees in 2002 to honor Mr. Taylor D. "Red" Wilkins, Jr., an alumnus of Marion Military Institute, a prominent Alabama attorney, and an inductee of the Alabama Sports Hall of Fame. Its purpose is to recognize the importance of athletics in achieving the physical development of cadets as required by the MMI mission to provide funding for annual scholarships in order to attract cadet-athletes to Marion Military Institute who excel in a specific sport.

George M. and Zoe A. Williams Memorial Scholarship

This scholarship is awarded to a deserving student who understands the importance of duty to themselves, others, and their country. The fund was established by Mr. and Mrs. Robert George Williams and Mr. and Mrs. Evan E. Filby in honor of George M. and Zoe A. Williams.

James Dudley Woodfin Memorial Scholarship

The funds from this scholarship are designated for a student from the Marion area planning to attend MMI who has demonstrated financial need. The scholarship was established in 1995 to honor the memory of Colonel Woodfin, an MMI graduate, Alumnus of the Year, and longtime faculty and staff member.

MMI FOUNDATION-ANNUAL SCHOLARSHIPS

The MMI Foundation awards annual scholarships provided by donors making annual contributions. Each scholarship has its own eligibility requirements, but awards are usually based on academic qualifications, leadership potential, community service, and financial need.

Alabama Marine Corps League Scholarship

This annual scholarship is provided each year through contributions by the Department of Alabama Marine Corps League. This annual scholarship is awarded to a cadet who has specifically indicated or demonstrated a strong interest in entering a Marine Corps career. This would include expressed interest in the Marine Corps Platoon Leader's Course Program or Marine Corps enlisted track. Qualifying criteria can also include a cadet's previous Marine Corps experience.

The F. Dixon Brooke, Jr. Scholarship

EBSCO Industries of Birmingham, Alabama, established this scholarship in 2006 in honor of Mr. F. Dixon Brooke, Jr. Mr. Brooke is a 1968 alumnus of MMI and was President and CEO of EBSCO. The scholarship provides five \$2,000 scholarships each year based on merit and need.

The Cesar Gimenez Scholarship – This annual scholarship is provided by MMI's Director of Performing Arts, Michael Gimenez. It is awarded to a cadet participating in the performing arts with an outstanding work ethic to honor the memory of his father, Cesar Gimenez, who came to the United States when he was 12 and graduated from college when he was 19 years old. He worked 50 years for Boeing in the military-industrial complex and renewed his professional engineering license when he was 79 years old...just in case.

The Fire Lieutenant Edwin E. Passmore 1st Responder Scholarship

This scholarship is provided by Colonel and Mrs. Edwin W. Passmore in dedication to Colonel Edwin Eric Passmore (USA, Ret.), who, upon his retirement from the Army, dedicated himself to serving the community as a volunteer firefighter. The annual scholarship will be used to defray tuition costs for MMI cadets participating in the Alabama Fire College program not otherwise covered by AFC or other sources. The scholarship will be awarded based on financial need.

Perry County Farmers Federation Scholarship

This scholarship is provided by the Perry County Farmers Federation to assist members of the Alabama Farmers Federation who plan to attend Marion Military Institute. Recipients must be from Perry County and have a current Alabama Farmers Federation membership in his/her family name. The award may be used for tuition, fees, books, and supplies required for coursework only.

MARION
MILITARY INSTITUTE

FOUNDATION

MMI Board of Trustees and Advisors

The Marion Military Institute (MMI) Foundation was organized and incorporated for the purpose of stimulating voluntary private support from alumni, parents, friends, corporations, foundations, and others for the benefit of MMI. The Foundation is governed by the MMI Board of Trustees and Advisors, and under provisions of ACT 230-2006 of the Alabama Legislature, the Board also acts as advisors to provide advice and counsel to the President and the Chancellor of the Alabama Community College System. The MMI Foundation serves as the custodian for the MMI endowment, archives, and artifacts.

The MMI Foundation obtains, retains, and invests donations from private individuals and other entities to support the mission and priorities of MMI. The Foundation provides scholarships for cadets and necessary resources to improve and expand educational programs and facilities to a level not otherwise achievable with institutional funds.
